Source: JEC Democratic staff calculations based on data from the Bureau of Economic Analysis

Notes: Includes data through Q1 2016; national GDP prerecession peak in Q4 2007 and low point in Q2 2009 do not necessarily correspond to the peaks and low points in each individual state; ranks are among the 50 states and the District of Columbia and are based on the average annual percentage change rounded to one decimal place; data are seasonally adjusted; due to methodological differences, total U.S. real GDP by state may differ slightly from national GDP figures
