(updates next on June 3, 2016)

Note: Seasonally-adjusted data

Unemployment and Underemployment Rates Have Declined Significantly from Recession Peak

January 2006 to April 2016

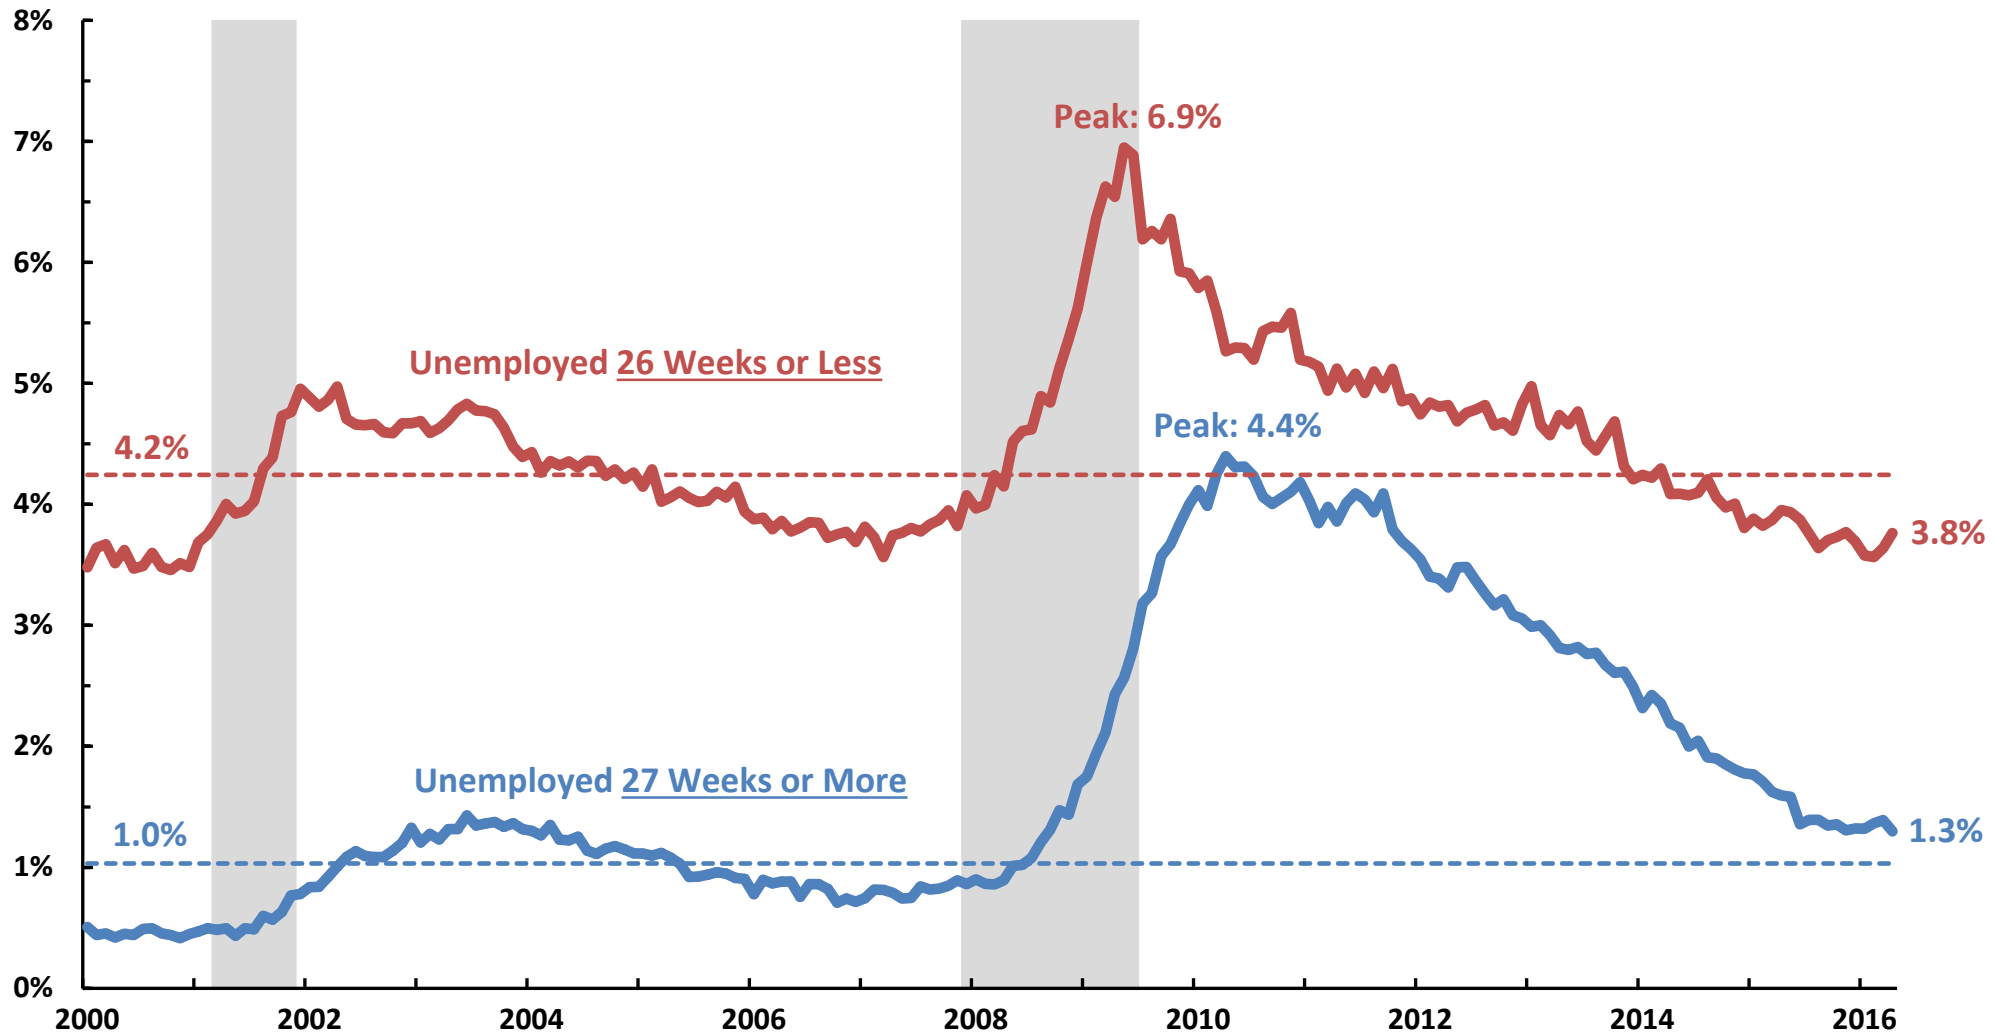

Source: Bureau of Labor Statistics (updates next on June 3, 2016)

Notes: "Underemployment Rate (U-6)" includes those marginally attached to the labor force and those employed part time for economic reasons; seasonally-adjusted data

Declines in Short- and Long-Term Unemployment

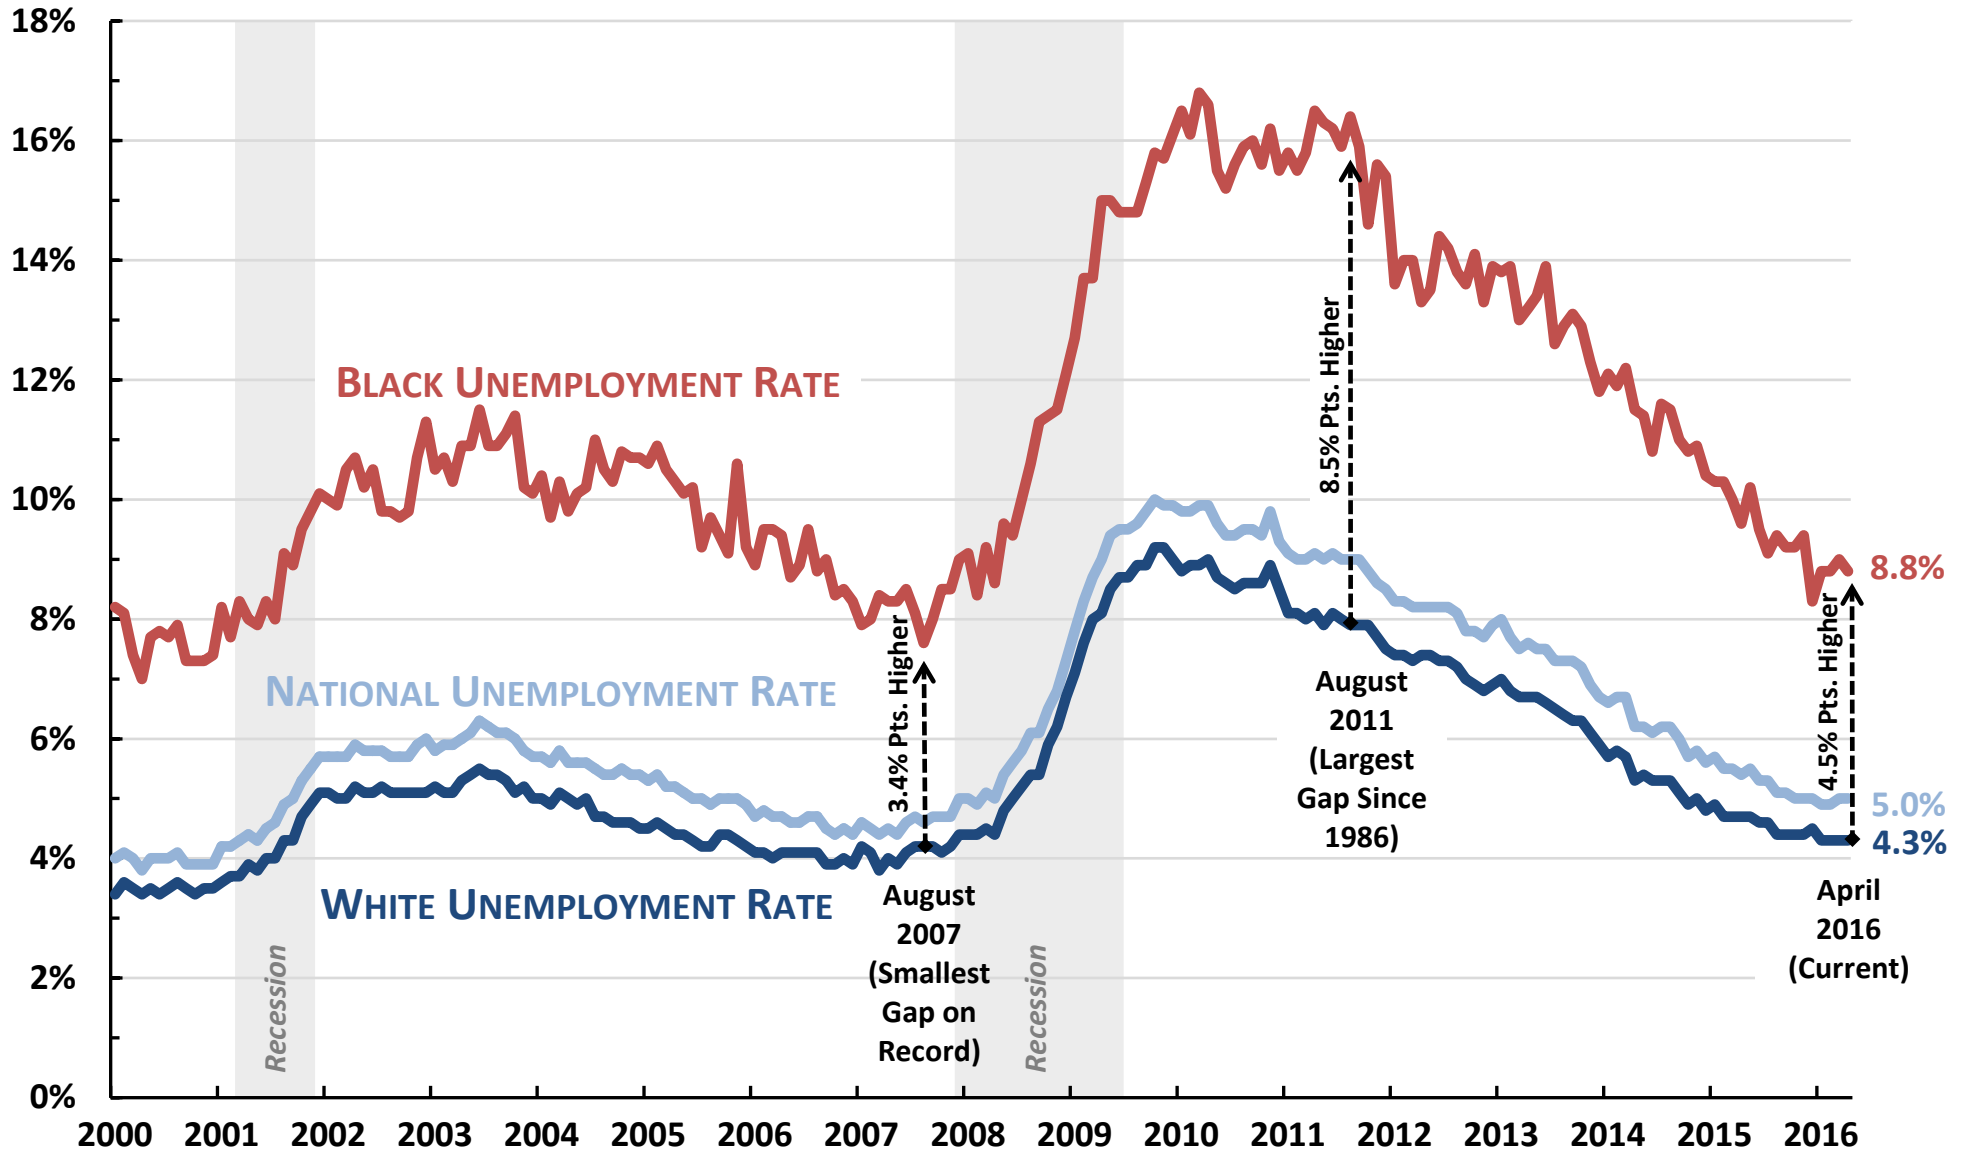

Percent of the labor force unemployed by duration, January 2000 to April 2016

Source: JEC Democratic staff calculations using data from the Bureau of Labor Statistics (updates next on June 3, 2016)

Notes: Grey areas represent periods of recession as determined by the National Bureau of Economic Research; dashed lines represent the averages before the recent recession (Dec. 2001 to Dec. 2007); seasonally-adjusted data

Black vs. White Unemployment

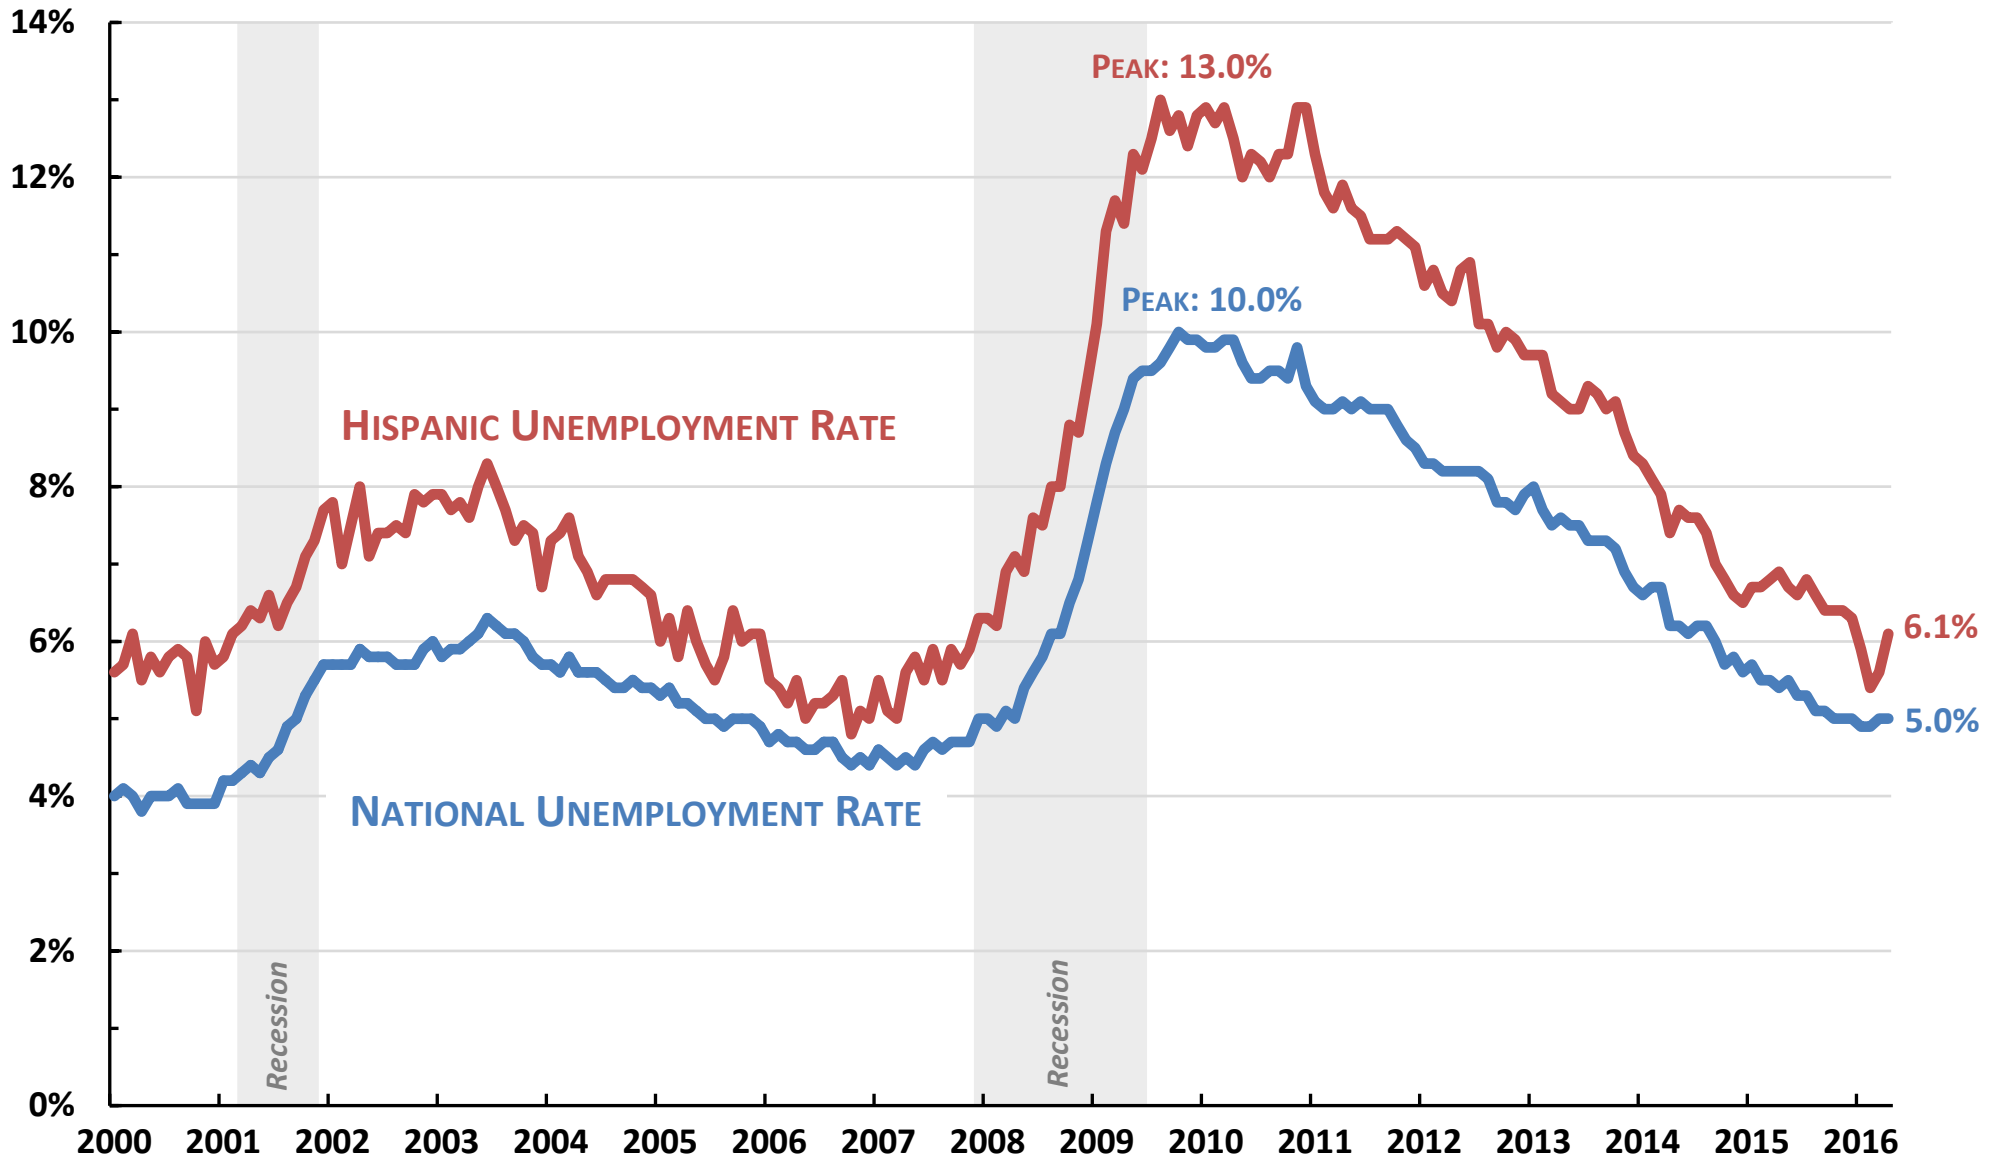

Source: Bureau of Labor Statistics (updates next on June 3, 2016)

Notes: Grey areas represent periods of recession as determined by the National Bureau of Economic Research; gaps denote the smallest difference on record, largest difference since 1986 and current difference in black and white unemployment rates; seasonally-adjusted data

Hispanic Unemployment

January 2000 to April 2016

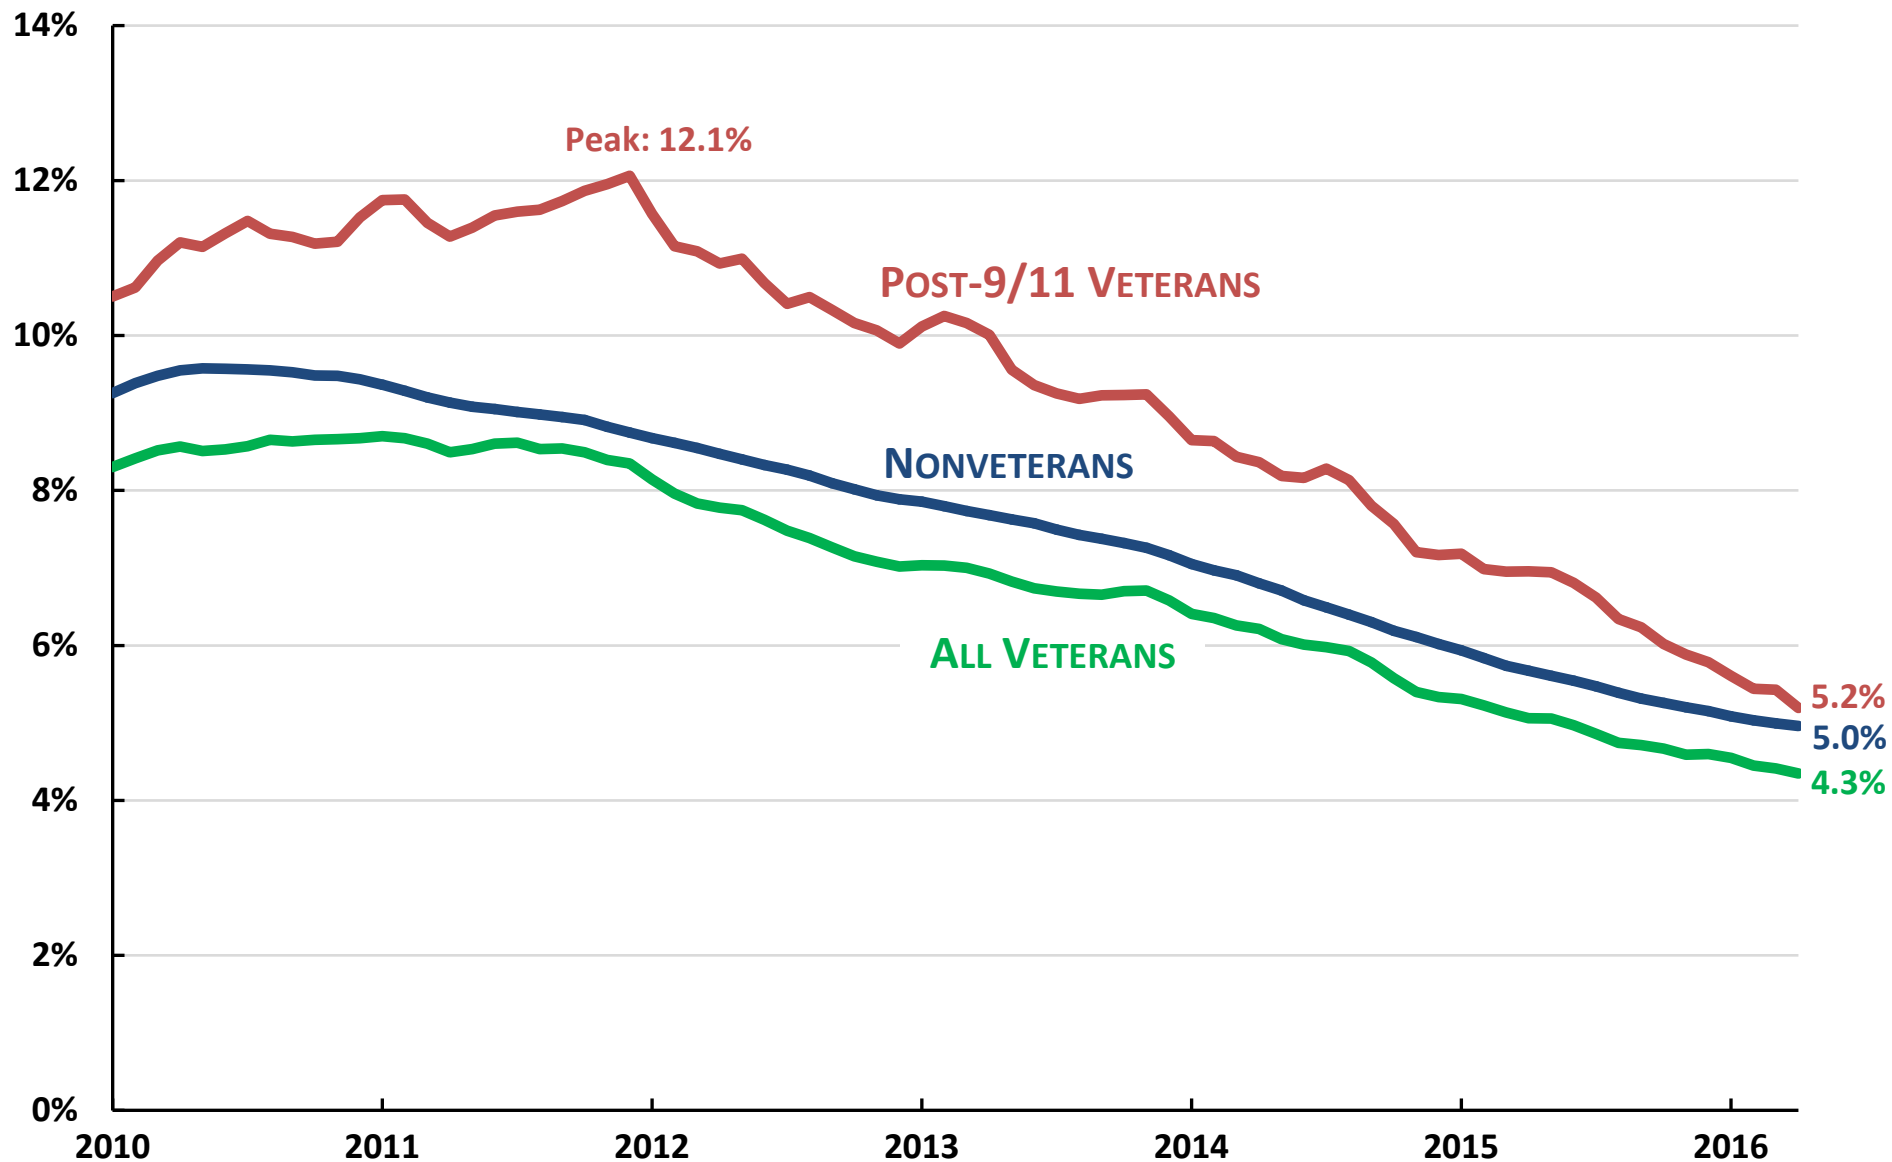

Source: Bureau of Labor Statistics (updates next on June 3, 2016)

Notes: Grey areas represent periods of recession as determined by the National Bureau of Economic Research; seasonally-adjusted data

Veterans' Unemployment Rates

12-month moving averages, January 2010 to April 2016
