RELATED LAWS**

(60 Stat. 23)

[PUBLIC LAW 304—79TH CONGRESS]

AN ACT To declare a national policy on employment, production, and purchasing power, and for other purposes

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "Employment Act of 1946".

DECLARATION OF POLICY

SEC. 2. (a) The Congress hereby declares that it is the continuing policy and responsibility of the Federal Government to use all practicable means, consistent with its needs and obligations and other essential national policies, and with the assistance and cooperation of both small and larger businesses, agriculture, labor, and State and local governments, to coordinate and utilize all its plans, functions, and resources for the purpose of creating and maintaining, in a manner calculated to foster and promote free competitive enterprise and the general welfare, conditions which promote useful employment opportunities, including self-employment, for those able, willing, and seeking to work, and promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 5(b) of this Act.

(b) The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

(c) The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

(d) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to improve the

coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such Act through better management, increased efficiency, and attention to long-range as well as short-range problems and to balancing the Federal budget.

(e) The Congress further declares that, although it is the purpose under the Full Employment and Balanced Growth Act of 1978 to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this Act shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, except to the extent authorized under other Federal laws.

(f) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth—

(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

(3) expansion of public employment other than through the provisions of section 206 of such Act; and

(4) when recommended by the President under section 206 of such Act and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

(g) The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of antitrust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

(h) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 4.

(i) The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

(j) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this Act to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities. (15 U.S.C. 1021.)

HISTORICAL NOTE

1978 Amendment.—Public Law 95-523 designated existing provisions as subsection (a) and, in subsection (a) as so designated, added provisions relating to promotion of balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, improvement in trade balance, and reasonable price stability, and added subsections (b) to (j).

FULL EMPLOYMENT AND BALANCED GROWTH: MEDIUM-TERM ECONOMIC GOALS AND POLICIES

SEC. 4. (a) In each Economic Report after enactment of the Full Employment and Balanced Growth Act of 1978, the President shall incorporate (as part of the 5-year numerical goals in each Economic Report) medium-term annual numerical goals specified in section 3(a)(2)(B), and in each President's Budget submitted immediately prior thereto, the President shall incorporate the programs and policies the President deems necessary to achieve such medium-term goals and a balanced Federal budget and to achieve reasonable price stability as rapidly as feasible as provided for in section 5(b) of this Act.

(b) The medium-term goals in the first three Economic Reports and, subject to the provisions of subsection (d), in each Economic Report thereafter shall include (as part of the 5-year goals in each Economic Report) interim numerical goals for—

(1) reducing the rate of unemployment, as set forth pursuant to section 3(d) of this Act, to not more than 3 per centum among individuals aged 20 and over and 4 per centum among individuals aged 16 and over within a period not extending beyond the fifth calendar year after the first such Economic Report;

(2) reducing the rate of inflation, as set forth pursuant to section 3(e) of this Act, to not more than 3 per centum within a period not extending beyond the fifth calendar year after the first such Economic Report: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment; and

(3) reducing the share of the Nation's gross national product accounted for by Federal outlays to 21 per centum or less by 1981, and to 20 per centum or less by 1983 and thereafter, or the lowest level consistent with national needs and priorities: *Provided*, That policies and programs for achieving the goal specified in this clause shall be designed so as not to impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment.

HISTORICAL NOTE

Public Law 96-10, Section 6(a), added subsection 4(b)(3).

For purposes of this subsection, the first Economic Report shall be the Report issued in the first calendar year after enactment of the Full Employment and Balanced Growth Act of 1978.

(c)(1) Upon achievement of the 3 and 4 per centum goals specified in subsection (b)(1), each succeeding Economic Report shall have the goal of achieving as soon as practicable and maintaining thereafter full employment and a balanced budget.

(2) Upon achievement of the 3 per centum goal specified in subsection (b)(2), each succeeding Economic Report shall have the goal of achieving by 1988 a rate of inflation of zero per centum: *Provided*, That policies and programs for reducing the rate of inflation shall be designed so as to not impede achievement of the goals and timetables specified in clause (1) of this subsection for the reduction of unemployment.

(3) Upon achievement of the 20 per centum goal specified in subsection (b)(3), each succeeding Economic Report shall have the goal of establishing the share of an expanding gross national product accounted for by Federal outlays at a level of 20 per centum or less, or the lowest level consistent with national needs and priorities: *Provided*, That policies and programs for achieving the goal specified in this clause shall be designed so as not to impede achievement of the goals and timetables specified in subsection (b)(1) for the reduction of unemployment.

HISTORICAL NOTE

Public Law 96-10, Section 6(b), added subsection 4(c)(3).

(d) In the second Economic Report after enactment of the Full Employment and Balanced Growth Act of 1978, the President shall review the numerical goals and timetables for the reduction of unemployment, inflation, and Federal outlays as a proportion of gross national product, and the goal of balancing the Federal budget; report to the Congress on the degree of progress being made, the programs and policies being used, and any obstacles to achieving such goals and timetables; and, if necessary, propose corrective economic measures toward achievement of such goals and timetables: *Provided*, That beginning with the second Report and in any subsequent Reports, if the President finds it necessary, the President may recommend modification of the timetable or timetables for the achievement of the goals provided for in subsection (b) and the annual numerical goals to make them consistent with the modified timetable or timetables, and the Congress may take such action as it deems appropriate consistent with title III of the Full Employment and Balanced Growth Act of 1978.

HISTORICAL NOTE

Public Law 96-10, Section 6(c), added the reference to Federal outlays as a proportion of gross national product.

(e) If, after achievement of the 3 and 4 per centum goals specified in subsection (b) the unemployment rate for a year as set forth pursuant to section 3(d) of this Act is more than 3 per centum among individuals aged twenty and over or more than 4 per centum among individuals aged sixteen and over, the next Economic Report after such rate is set forth and each succeeding Economic Report shall include (as part of the five-year goals in each Economic Report) the interim numerical goal of reducing unemployment to not more than the levels specified in subsection (b)(1) as soon as practicable but not later than the fifth calendar year after the first such Economic Report, counting as the first calendar year the year in which such Economic Report is issued: *Provided*, That, if the President finds it necessary, the President may, under the author-

ity provided in subsection (d), recommend modification of the timetable provided for in this subsection for the reduction of unemployment, and for the purposes of section 304 of the Full Employment and Balanced Growth Act of 1978, such recommendation by the President shall be treated as a recommendation made under subsection (d) of this section.

(f)(1) In taking action to reduce unemployment in accord with the numerical goals and timetable established under section (b), every effort shall be made to reduce those differences between the rates of unemployment among youth, women² minorities, handicapped persons, veterans, middle-aged and older persons and other labor force groups and the overall rate of unemployment which are caused by any improper factors with the ultimate objective of removing such differentials to the extent possible.

(2) Insofar as the differences specified in the preceding paragraph are due to lack of training and skills, occupational practices, and other relevant factors, the Secretary of Labor shall—

(A) take such action as practicable to achieve the objectives of this subsection;

(B) make studies, develop information, and make recommendations toward remedying these differences in rates of unemployment, and include these in the annual Employment and Training Report of the President required under section 705(a) of the Comprehensive Employment and Training Act of 1973 (hereinafter in this Act referred to as "CETA"); and

(C) make recommendations, as deemed necessary, to the Congress related to the objectives of this paragraph.

(g)(1) The term "middle-aged and older persons" as used in this section includes any individual forty-five years of age or older.

(2) For purposes of this subsection,³ the term "veteran" shall mean the same as defined in section 2011(1) or (2)(A) of title 38, United States Code. (15 U.S.C. 1022a.)

**FULL EMPLOYMENT AND BALANCED GROWTH ACT OF
1978**

(92 Stat. 1887)

[PUBLIC LAW 95-523]

* * * * *

**TITLE II—STRUCTURAL ECONOMIC POLICIES AND PRO-
GRAMS, INCLUDING TREATMENT OF RESOURCE RE-
STRAINTS**

STATEMENT OF PURPOSE

SEC. 201. The Congress recognizes that general economic policies alone have been unable to achieve the goals set forth in this Act related to full employment, production, and real income, balanced growth, adequate growth in productivity, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and achievement of reasonable price stability as provided for in section 5(b) of the Employment Act of 1946. It is, therefore, the purpose of this title to require the President to initiate, as the President deems appropriate, with recommendations to the Congress where necessary, supplementary programs and policies to the extent that the President finds such action necessary to help achieve these goals, including the goals and timetable for the reduction of unemployment. Insofar as feasible without undue delay, any policies and programs so recommended shall be included in the Economic Report. (15 U.S.C. 3111.)

COUNTERCYCLICAL EMPLOYMENT POLICIES

SEC. 202. (a) Any countercyclical efforts undertaken to aid in achieving the purposes of section 201 shall consider for inclusion the following programmatic entities:

- (1) accelerated public works, including the development of standby public works projects;
- (2) public service employment;
- (3) State and local grant programs;
- (4) the levels and duration of unemployment insurance;
- (5) skill training in both the private and public sectors, both as a general remedy and as a supplement to unemployment insurance;
- (6) youth employment programs as specified in section 205;

(7) community development programs to provide employment in activities of value to the States, local communities (including rural areas), and the Nation;

(8) Federal procurement programs which are targeted on labor surplus areas; and

(9) augmentation of other employment and training programs which would help to reduce high levels of unemployment arising from cyclical causes.

(b) In any countercyclical efforts undertaken, the President shall consider a triggering mechanism which will implement the program during a period of rising unemployment and phase out the program when unemployment is appropriately reduced, and incorporate effective means to facilitate individuals assisted under programs developed pursuant to this section to return promptly to regular private and public employment as the economy recovers. (15 U.S.C. 3112.)

COORDINATION WITH STATE AND LOCAL GOVERNMENT AND PRIVATE SECTOR ECONOMIC ACTIVITY

SEC. 203. (a) As an integral part of any countercyclical employment policies undertaken in accord with section 202, the President shall, to the extent the President deems necessary, set forth programs and policies, including recommended legislation where needed, to coordinate economic action among the Federal Government, regions, States and localities, and the private sector to promote achievement of the purposes of this Act and the Employment Act of 1946 and an economic environment in which State and local governments and private sector economic activity and employment will prosper. In considering programs and policies related to the private sector, full consideration shall be given promoting the growth and well-being of small businesses and employment training programs through private sector incentives.

(b) In any efforts under this section, the President shall endeavor to meet criteria that establish programs which are funded to take account of the fiscal needs and budget conditions of the respective States and localities and their own efforts, with special attention to the rates of unemployment in such States and localities. (15 U.S.C. 3113.)

REGIONAL AND STRUCTURAL EMPLOYMENT POLICIES

SEC. 204. (a) To the extent deemed appropriate by the President in fulfillment of the purposes of section 201, the President shall recommend legislation to the Congress if necessary, regional and structural employment policies and programs.

(b) In formulating the regional components of any such programs, the President shall encourage to the extent the President deems necessary, new private sector production and employment to locate within depressed localities and regions with substantial unemployment and to aid in stabilizing their economic base. To the extent feasible, such policies and programs shall foster the establishment and growth of smaller businesses in such localities and regions. Any regional employment proposal of the President shall also include an analysis of the extent to which Federal tax, expend-

iture (including procurement of goods and services), defense, transportation, energy, natural resources and employment policies have influenced the movement of people, jobs, and small and larger business and industries from chronic high unemployment regions and areas, and proposals designed to correct Federal policies that have an adverse economic impact upon such regions and areas. (15 U.S.C. 3114.)

YOUTH EMPLOYMENT POLICIES

SEC. 205. (a) The Congress finds and declares—

(1) that serious unemployment and economic disadvantage of a unique nature exist among youths even under generally favorable economic conditions;

(2) that this group constitutes a substantial portion of the Nation's unemployment, and that this significantly contributes to crime, alcoholism and drug abuse, and other social and economic problems; and

(3) that many youths have special employment needs and problems which, if not promptly addressed, will substantially contribute to more severe unemployment problems in the long run.

(b) To the extent deemed necessary in fulfillment of the purposes of this Act, the President shall improve and expand existing youth employment programs, recommending legislation where required. In formulating any such program, the President shall—

(1) include provisions designed to fully coordinate youth employment activities with other employment and training programs;

(2) develop a smoother transition from school to work;

(3) prepare disadvantaged and other youth with employability handicaps for regular self-sustaining employment;

(4) develop realistic methods for combining training with work; and

(5) develop provisions designed to attract structurally unemployed youth into productive full-time employment through incentives to private and independent sector businesses;¹ (15 U.S.C. 3115.)

JOB TRAINING, COUNSELING AND RESERVOIRS OF EMPLOYMENT PROJECTS

SEC. 206. (a) Further to promote achievement of full employment under this Act and the Employment Act of 1946, the President, through the Secretary of Labor, shall develop policies and procedures and, as necessary, recommend programs for providing employment opportunities to individuals aged 16 and over in the civilian labor force who are able, willing, and seeking to work but who, despite serious efforts to obtain employment, remain unemployed.

(b) In meeting the responsibilities under subsection (a), the Secretary of Labor shall, as appropriate, fully utilize the authority provided under CETA and other relevant provisions of law to—

¹ So in original Act. Probably should be a period.

(1) assure the availability of counseling, training, and other support activities necessary to prepare persons willing and seeking work for employment (including use of section 110 of CETA when necessary);

(2) refer persons able, willing, and seeking to work to job opportunities in the private and public sectors through the existing public employment placement facilities and through the United States Employment Service of the Department of Labor, including job opportunities in any positions created under programs established pursuant to sections 202, 204, and 205 of this Act; and

(3) encourage flexi-time and part-time jobs for persons who are able, willing, and seeking employment but who are unable to work a standard workweek.

(c)(1) To the extent that individuals aged 16 and over and able, willing, and seeking to work are not and in the judgment of the President cannot be provided with private job opportunities or job opportunities under other programs and actions in existence, in accord with the goals and timetables set forth in the Employment Act of 1946, the President shall, as may be authorized by law, establish reservoirs of public employment and private nonprofit employment projects, to be approved by the Secretary of Labor, through expansion of CETA and other existing employment and training projects or through such new programs as are determined necessary by the President or through both such projects and such programs.

(2) New programs as may be authorized by law after the date of enactment of this Act referred to in paragraph (c)(1)—

(A) shall not be put into operation earlier than two years after the enactment of this Act, nor without a finding by the President, transmitted to the Congress, that other means of employment are not yielding enough jobs to be consistent with attainment of the goals and timetables for the reduction of unemployment set forth in the Employment Act of 1946;

(B) shall be designed so that no workers from private employment are drawn into the reservoir projects thereunder;

(C) shall be useful and productive jobs;

(D) shall be mainly in the lower ranges of skills and pay, and toward this end the number of reservoir jobs under such new programs shall, to the extent practicable, be maximized in relationship to the appropriations provided for such jobs;

(E) shall be targeted on areas of high unemployment and on individuals who are structurally unemployed;

(F) shall be phased in by the President as necessary, in conjunction with the employment goals under sections 3(a)(2) and 4(b) of the Employment Act of 1946.

(d) The Secretary, in carrying out the provisions of this section, shall establish regulations providing for—

(1) an initial determination of the job seeker's ability to be employed at certain types and duration of work, so that such individual may be appropriately referred to jobs, training, counseling, and other supportive services;

(2) compliance with the nondiscrimination provisions of this Act in accordance with section 401;

(3) appropriate eligibility criteria to determine the order of priority of access of any person to any new programs under subsection (c) as may be authorized by law including but not necessarily limited to (A) household income, duration of unemployment (not less than five weeks), and the number of people economically dependent upon such person; and (B) denial of access to any person refusing to accept or hold a job except for good cause, as determined by the Secretary of Labor, including refusal to accept or hold a job subject to reference under subsection (b) paragraph (2), in order to seek a reservoir project job under subsection (c); and

(4) such administrative appeal procedures as may be appropriate to review the initial determination of the abilities of persons willing, able, and seeking to work under paragraph (1) of this subsection and the employment need and eligibility under paragraph (3) of this subsection. (15 U.S.C. 3116.)

CAPITAL FORMATION—PRIVATE AND PUBLIC

SEC. 207. (a) The Congress finds that—

(1) promotion of full employment and balanced growth is in itself a principal avenue to high and sustained rates of capital formation;

(2) high rates of capital formation are necessary to ensure adequate rates of capacity expansion and productivity growth, compliance with governmental health, safety and environmental standards, and the replacement of obsolete production equipment;

(3) the ability of our economy to compete successfully in international markets, the development of new technology, improved working conditions, expanding job opportunities, and an increase in standard of living depend on the availability of adequate capital at reasonable cost to commerce and industry;

(4) an important goal of national policy shall be to remove obstacles to the free flow of resources into new investment, particularly those obstacles that hinder the creation and growth of smaller businesses because general national programs and policies to aid and stimulate private enterprise are not sufficient to deal with the special problems and needs of smaller businesses; and

(5) while private business firms are, and should continue to be, the major source of investment, the investment activities of the Federal, State, and local governments play an important role in affecting the level of output, employment, and productivity and in achieving other national purposes.

(b) The Economic Report shall include an Investment Policy Report which shall, as appropriate, (1) review and assess existing Federal Government programs and policies which affect business investment decisions, including, but not limited to, the relevant aspects of the tax code, Federal expenditure policy, Federal regulatory policy, international trade policy, and Federal support for research, development, and diffusion of new technologies; (2) provide an assessment of the levels of investment capital available, required by, and applied to small, medium and large business enti-

ties; (3) provide an analysis of current and foreseeable trends in the level of investment capital available to such entities; and (4) provide a description of programs and proposals for carrying out the policy set forth in section 102(i). In addition, the Economic Report shall include an assessment of the effect of the overall economic policy environment and the rate of inflation on business investment. The President shall recommend in the President's Budget, as appropriate, new programs or modifications to improve existing programs concerned with private capital formation. The President shall also transmit to the Congress as part of the President's Budget such other recommendations as the President may deem necessary or desirable to achieve the policy as set forth in section 102(i). The Investment Policy Report, when transmitted to the Congress, shall be referred to the Joint Economic Committee.

(c) The Economic Report referred to in subsection (b) shall review and assess Federal policies and programs which directly, or through grants-in-aid to State and local governments, or indirectly through other means, affect the adequacy, composition, and effectiveness of public investments, as a means of achieving the goals of this Act and the Employment Act of 1946. The President shall recommend, as appropriate, new programs and policies or modifications to improve existing Federal programs affecting public investment. (15 U.S.C. 3117.)

TITLE III—POLICIES AND PROCEDURES FOR CONGRESSIONAL REVIEW

STATEMENT OF PURPOSE

SEC. 301. (a) The purposes of this title are to establish procedures for congressional review and action with respect to the Economic Report of the President (hereafter in this title referred to as the "Economic Report"), the report of the Board of Governors of the Federal Reserve System, and the other policies and provisions of this Act and the Employment Act of 1946.

(b) The Congress shall initiate or develop such legislation as it deems necessary to implement proposals and objectives pursuant to this Act and the Employment Act of 1946 after such modification in such proposals as it deems desirable. Nothing in this title shall be construed to prevent the Congress or any of its committees from considering or initiating at any time legislative action in furtherance of the goals and purposes of this act. (15 U.S.C. 3131.)

COMMITTEE REVIEW

SEC. 302. (a) In conjunction with its review of the Economic Report, and the holding of hearings on the Economic Report under the Employment Act of 1946, the Joint Economic Committee shall review and analyze the short-term and medium-term goals set forth in the Economic Report pursuant to sections 3(a)(2) and 4(b) of the Employment Act of 1946 (as amended by sections 103 and 104 of this Act).

(b) The Joint Economic Committee shall hold hearings on the Economic Report for the purpose of receiving testimony from Members of the Congress, and such appropriate representatives of Fed-

eral departments and agencies, the general public, and interested groups as the joint committee deems advisable. The joint committee shall also consider the comments and views on the Economic Report which are received from State and local officials.

(c) Within thirty days after receipt by the Congress of the Economic Report, each standing committee of the Senate and the House of Representatives, each other committee of the Senate and the House of Representatives which has legislative jurisdiction, and each joint committee of the Congress may submit to the Joint Economic Committee, for use by the Joint Economic Committee in conducting its review and analysis under subsection (a), a report containing the views and recommendations of the submitting committee with respect to aspects of the Economic Report which relate to its jurisdiction.

(d) On or before March 15 of each year, a majority of the members of the Joint Economic Committee shall submit a report to the Committees on the Budget of the Senate and the House of Representatives. Such report shall include findings, recommendations, and any appropriate analyses with respect and in direct comparison to each of the short-term and medium-term goals set forth in the Economic Report. GENERAL FINDINGS

15 USC 3101.

Sec. 2. (a) The Congress finds that the Nation has suffered substantial unemployment and underemployment, idleness of other productive resources, high rates of inflation, and inadequate productivity growth, over prolonged periods of time, imposing numerous economic and social costs on the Nation. Such costs include the following:

(1) The Nation is deprived of the full supply of goods and services, the full utilization of labor and capital resources, and the related increases in economic well-being that would occur under conditions of genuine full employment, production, and real income, balanced growth, a balanced Federal budget, and the effective control of inflation.

(2) The output of goods and services is insufficient to meet pressing national priorities.

(3) Workers are deprived of the job security, income, skill development, and productivity necessary to maintain and advance their standards of living.

(4) Business and industry are deprived of the production, sales, capital flow, and productivity necessary to maintain adequate profits, undertake new investment, create jobs, compete internationally, and contribute to meeting society's economic needs. These problems are especially acute for smaller businesses. Variations in the business cycle and low-level operations of the economy are far more damaging to smaller businesses than to larger business concerns because smaller businesses have fewer available resources, and less access to resources, to withstand nationwide economic adversity. A decline in small business enterprises contributes to unemployment by reducing employment opportunities and contributes to inflation by reducing competition.

(5) Unemployment exposes many families to social, psychological, and physiological costs, including disruption of family life, loss of individual dignity and self-respect, and the aggravation of physical and psychological illnesses, alcoholism and drug abuse, crime, and social conflicts.

(6) Federal, State, and local government budgets are undermined by deficits due to shortfalls in tax revenues and in increases in expenditures for unemployment compensation, public assistance, and other recession-related services in the areas of criminal justice, alcoholism and drug abuse, and physical and mental health.

(b) The Congress further finds that:

(1) High unemployment may contribute to inflation by diminishing labor training and skills, underutilizing capital resources, reducing the rate of productivity advance, increasing unit labor costs, and reducing the general supply of goods and services.

(2) Aggregate monetary and fiscal policies alone have been unable to achieve full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance, and reasonable price stability, and therefore must be supplemented by other measures designed to serve these ends.

(3) Attainment of these objectives should be facilitated by setting explicit short-term and medium-term economic goals, and by improved coordination among the President, the Congress, and the Board of Governors of the Federal Reserve System.

BALANCED GROWTH ACT

P.L. 95-523

(4) Increasing job opportunities and full employment would greatly contribute to the elimination of discrimination based upon sex, age, race, color, religion, national origin, handicap, or other improper factors.

(c) The Congress further finds that an effective policy to promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance, and reasonable price stability should (1) be based on the development of explicit economic goals and policies involving the President, the Congress, and the Board of Governors of the Federal Reserve System, with maximum reliance on the resources and ingenuity of the private sector of the economy, (2) include programs specifically designed to reduce high unemployment due to recessions, and to reduce structural unemployment within regional areas and among particular labor force groups, and (3) give proper attention to the role of increased exports and improvement in the international competitiveness of agriculture, business, and industry in providing productive employment opportunities and achieving an improved trade balance.

(d) The Congress further finds that full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability are important national requirements and will promote the economic security and well-being of all citizens of the Nation.

(e) The Congress further finds that the United States is part of an interdependent world trading and monetary system and that attainment of the requirements specified in subsection (d) is dependent upon policies promoting a free and fair international trading system and a sound and stable international monetary system.

TITLE I—ESTABLISHMENT OF GOALS AND GENERAL ECONOMIC POLICIES

STATEMENT OF PURPOSE

15 USC 1021
note.

SEC. 101. It is the purpose of this title—

- (1) to declare the general policies of this Act;
- (2) to provide an open process under which economic goals and policies are proposed, reviewed, and established;
- (3) to provide for yearly review of national economic policies to ensure their consistency with these goals to the maximum extent possible; and
- (4) to strengthen and supplement the purposes and policies of the Employment Act of 1946.

15 USC 1021
note.

DECLARATION OF POLICY

15 USC 1021.

SEC. 102. Section 2 of the Employment Act of 1946 is amended to read as follows:

“SEC. 2. (a) The Congress hereby declares that it is the continuing policy and responsibility of the Federal Government to use all practicable means, consistent with its needs and obligations and other essential national policies, and with the assistance and cooperation of both small and larger businesses, agriculture, labor, and State and local governments, to coordinate and utilize all its plans, functions, and resources for the purpose of creating and maintaining, in a manner calculated to foster and promote free competitive enterprise and the general welfare, conditions which promote useful employment opportunities, including self-employment, for those able, willing, and seeking to work, and promote full employment and production, increased real income, balanced growth, a balanced Federal budget, adequate productivity growth, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 5(b) of this Act.

Post, p. 1895.

“(b) The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

“(c) The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

Ante, p. 1887.

“(d) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to improve the coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such

Act through better management, increased efficiency, and attention to long-range as well as short-range problems and to balancing the Federal budget.

"(e) The Congress further declares that, although it is the purpose under the Full Employment and Balanced Growth Act of 1978 to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this Act shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, except to the extent authorized under other Federal laws.

Ans., p. 1887.

"(f) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth—

"(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

"(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

"(3) expansion of public employment other than through the provisions of section 206 of such Act; and

"(4) when recommended by the President under section 206 of such Act and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

Post, p. 1902.

"(g) The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of antitrust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

"(h) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 4.

Post, p. 1893.

"(i) The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to

reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

Ante, p. 1887.

"(j) The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this Act to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities."

TITLE II—STRUCTURAL ECONOMIC POLICIES AND PROGRAMS, INCLUDING TREATMENT OF RESOURCE RESTRAINTS

STATEMENT OF PURPOSE

SEC. 201. The Congress recognizes that general economic policies alone have been unable to achieve the goals set forth in this Act related to full employment, production, and real income, balanced growth, adequate growth in productivity, proper attention to national priorities, achievement of an improved trade balance through increased exports and improvement in the international competitiveness of agri-

culture, business, and industry, and achievement of reasonable price stability as provided for in section 5(b) of the Employment Act of 1946. It is, therefore, the purpose of this title to require the President to initiate, as the President deems appropriate, with recommendations to the Congress where necessary, supplementary programs and policies to the extent that the President finds such action necessary to help achieve these goals, including the goals and timetable for the reduction of unemployment. Insofar as feasible without undue delay, any policies and programs so recommended shall be included in the Economic Report.

COUNTERCYCLICAL EMPLOYMENT POLICIES

15 USC 3112.

Sec. 202. (a) Any countercyclical efforts undertaken to aid in achieving the purposes of section 201 shall consider for inclusion the following programmatic entities:

- (1) accelerated public works, including the development of standby public works projects;
- (2) public service employment;
- (3) State and local grant programs;
- (4) the levels and duration of unemployment insurance;
- (5) skill training in both the private and public sectors, both as a general remedy and as a supplement to unemployment insurance;
- (6) youth employment programs as specified in section 205;
- (7) community development programs to provide employment in activities of value to the States, local communities (including rural areas), and the Nation;
- (8) Federal procurement programs which are targeted on labor surplus areas; and
- (9) augmentation of other employment and training programs which would help to reduce high levels of unemployment arising from cyclical causes.

(b) In any countercyclical efforts undertaken, the President shall consider a triggering mechanism which will implement the program during a period of rising unemployment and phase out the program when unemployment is appropriately reduced, and incorporate effective means to facilitate individuals assisted under programs developed pursuant to this section to return promptly to regular private and public employment as the economy recovers.

COORDINATION WITH STATE AND LOCAL GOVERNMENT AND PRIVATE SECTOR ECONOMIC ACTIVITY

15 USC 3113.

Sec. 203. (a) As an integral part of any countercyclical employment policies undertaken in accord with section 202, the President shall, to the extent the President deems necessary, set forth programs and policies, including recommended legislation where needed, to coordinate economic action among the Federal Government, regions, States and localities, and the private sector to promote achievement of the purposes of this Act and the Employment Act of 1946 and an economic environment in which State and local governments and private sector economic activity and employment will prosper. In considering programs and policies related to the private sector, full consideration shall be given to promoting the growth and well-being of small businesses and employment training programs through private sector incentives.

(b) In any efforts under this section, the President shall endeavor to meet criteria that establish programs which are funded to take account of the fiscal needs and budget conditions of the respective States and localities and their own efforts, with special attention to the rates of unemployment in such States and localities.

REGIONAL AND STRUCTURAL EMPLOYMENT POLICIES

SEC. 204. (a) To the extent deemed appropriate by the President in fulfillment of the purposes of section 201, the President shall recommend legislation to the Congress if necessary, regional and structural employment policies and programs.

Legislative
recommendations.
15 USC 3114.

(b) In formulating the regional components of any such programs, the President shall encourage to the extent the President deems necessary, new private sector production and employment to locate within depressed localities and regions with substantial unemployment and to aid in stabilizing their economic base. To the extent feasible, such policies and programs shall foster the establishment and growth of smaller businesses in such localities and regions. Any regional employment proposal of the President shall also include an analysis of the extent to which Federal tax, expenditure (including procurement of goods and services), defense, transportation, energy, natural resources and employment policies have influenced the movement of people, jobs, and small and larger business and industries from chronic high unemployment regions and areas, and proposals designed to correct Federal policies that have an adverse economic impact upon such regions and areas.

Analysis,
inclusion.

YOUTH EMPLOYMENT POLICIES

SEC. 205. (a) The Congress finds and declares—

15 USC 3115.

(1) That serious unemployment and economic disadvantage of a unique nature exist among youths even under generally favorable economic conditions;

(2) that this group constitutes a substantial portion of the Nation's unemployment, and that this significantly contributes to crime, alcoholism and drug abuse, and other social and economic problems; and

(3) that many youths have special employment needs and problems which, if not promptly addressed, will substantially contribute to more severe unemployment problems in the long run.

(b) To the extent deemed necessary in fulfillment of the purposes of this Act, the President shall improve and expand existing youth employment programs, recommending legislation where required. In formulating any such program, the President shall—

(1) include provisions designed to fully coordinate youth employment activities with other employment and training programs;

(2) develop a smoother transition from school to work;

(3) prepare disadvantaged and other youths with employability handicaps for regular self-sustaining employment;

(4) develop realistic methods for combining training with work; and

(5) develop provisions designed to attract structurally unemployed youth into productive full-time employment through incentives to private and independent sector businesses;

(3) encourage flexi-time and part-time jobs for persons who are able, willing, and seeking employment but who are unable to work a standard workweek.

establishment.

(c) (1) To the extent that individuals aged sixteen and over and able, willing, and seeking to work are not and in the judgment of the President cannot be provided with private job opportunities or job opportunities under other programs and actions in existence, in accord with the goals and timetables set forth in the Employment Act of 1946, the President shall, as may be authorized by law, establish reservoirs of public employment and private nonprofit employment projects, to be approved by the Secretary of Labor, through expansion of CETA and other existing employment and training projects or through such new programs as are determined necessary by the President or through both such projects and such programs.

(2) New programs as may be authorized by law after the date of enactment of this Act referred to in paragraph (c) (1)—

(A) shall not be put into operation earlier than two years after the enactment of this Act, nor without a finding by the President, transmitted to the Congress, that other means of employment are not yielding enough jobs to be consistent with attainment of the goals and timetables for the reduction of unemployment set forth in the Employment Act of 1946;

(B) shall be designed so that no workers from private employment are drawn into the reservoir projects thereunder;

(C) shall be useful and productive jobs;

(D) shall be mainly in the lower ranges of skills and pay, and toward this end the number of reservoir jobs under such new programs shall, to the extent practicable, be maximized in relationship to the appropriations provided for such jobs;

(E) shall be targeted on areas of high unemployment and on individuals who are structurally unemployed;

(F) shall be phased in by the President as necessary, in conjunction with the employment goals under sections 3(a) (2) and 4(b) of the Employment Act of 1946.

(d) The Secretary, in carrying out the provisions of this section, shall establish regulations providing for— Regulations.

(1) an initial determination of the job seeker's ability to be employed at certain types and duration of work, so that such individual may be appropriately referred to jobs, training, counseling, and other supportive services;

(2) compliance with the nondiscrimination provisions of this Act in accordance with section 401;

(3) appropriate eligibility criteria to determine the order of priority of access of any person to any new programs under subsection (c) as may be authorized by law including but not necessarily limited to (A) household income, duration of unemployment (not less than five weeks), and the number of people economically dependent upon such person; and (B) denial of access to any person refusing to accept or hold a job except for good cause, as determined by the Secretary of Labor, including refusal to accept or hold a job subject to reference under subsection (b) paragraph (2), in order to seek a reservoir project job under subsection (c); and

(4) such administrative appeal procedures as may be appropriate to review the initial determination of the abilities of persons willing, able, and seeking to work under paragraph (1) of this subsection and the employment need and eligibility under paragraph (3) of this subsection. Post, p. 1907.

CAPITAL FORMATION—PRIVATE AND PUBLIC

SEC. 207. (a) The Congress finds that—

15 USC 3117.

(1) promotion of full employment and balanced growth is in itself a principal avenue to high and sustained rates of capital formation;

(2) high rates of capital formation are necessary to ensure adequate rates of capacity expansion and productivity growth, compliance with governmental health, safety and environmental standards, and the replacement of obsolete production equipment;

(3) the ability of our economy to compete successfully in international markets, the development of new technology, improved working conditions, expanding job opportunities, and an increasing standard of living depend on the availability of adequate capital at reasonable cost to commerce and industry;

(4) an important goal of national policy shall be to remove obstacles to the free flow of resources into new investment, particularly those obstacles that hinder the creation and growth of smaller businesses because general national programs and policies to aid and stimulate private enterprise are not sufficient to deal with the special problems and needs of smaller businesses; and

(5) while private business firms are, and should continue to be, the major source of investment, the investment activities of the Federal, State, and local governments play an important role in affecting the level of output, employment, and productivity and in achieving other national purposes.

(b) The Economic Report shall include an Investment Policy Report which shall, as appropriate, (1) review and assess existing Federal Government programs and policies which affect business investment decisions, including, but not limited to, the relevant aspects

In addition, the Economic Report shall include an assessment of the effect of the overall economic policy environment and the rate of inflation on business investment. The President shall recommend in the President's Budget, as appropriate, new programs or modifications to improve existing programs concerned with private capital formation. The President shall also transmit to the Congress as part of the President's Budget such other recommendations as the President may deem necessary or desirable to achieve the policy as set forth in section 102(i). The Investment Policy Report, when transmitted to the Congress, shall be referred to the Joint Economic Committee.

(c) The Economic Report referred to in subsection (b) shall review and assess Federal policies and programs which directly, or through grants-in-aid to State and local governments, or indirectly through other means, affect the adequacy, composition and effectiveness of public investments, as a means of achieving the goals of this Act and the Employment Act of 1946. The President shall recommend, as appropriate, new programs and policies or modifications to improve existing Federal programs affecting public investment.

(3) the amount, if any, of the surplus or the deficit in the budget which is appropriate in light of economic conditions and all other relevant factors;

(4) the recommended level of Federal revenues and the amount, if any, by which the aggregate level of Federal revenues should be increased or decreased by bills and resolutions to be reported by the appropriate committees;

(5) the appropriate level of the public debt, and the amount, if any, by which the statutory limit on the public debt should be increased or decreased by bills and resolutions to be reported by the appropriate committees;

(6) if required by subsection (e), the calendar year in which, in the opinion of the Congress, the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946 should be achieved; and

(7) such other matters relating to the budget as may be appropriate to carry out the purposes of this Act.

(b) **ADDITIONAL MATTERS IN CONCURRENT RESOLUTION.**—The first concurrent resolution on the budget may also require—

(1) a procedure under which all or certain bills and resolutions providing new budget authority or providing new spending authority described in section 401(c)(2)(C) for such fiscal year shall not be enrolled until the concurrent resolution required to be reported under section 310(a) has been agreed to, and, if a reconciliation bill or reconciliation resolution, or both, are required to be reported under section 310(c), until Congress has completed action on that bill or resolution, or both; and

(2) any other procedure which is considered appropriate to carry out the purposes of this Act.

Not later than the close of the Ninety-fifth Congress, the Committee on the Budget of each House shall report to its House on the implementation of procedures described in this subsection.

(c) **VIEWS AND ESTIMATES OF OTHER COMMITTEES.**—On or before March 15 of each year, each standing committee of the House of Representatives shall submit to the Committee on the Budget of the House, each standing committee of the Senate shall submit to the Committee on the Budget of the Senate, and the Joint Economic Committee and Joint Committee on Internal Revenue Taxation shall submit to the Committees on the Budget of both Houses—

(1) its views and estimates with respect to all matters set forth in subsection (a) which relate to matters within the respective jurisdiction or functions of such committee or joint committee; and

(2) except in the case of such joint committees, the estimate of the total amounts of new budget authority, and budget outlays resulting therefrom, to be provided or authorized in all bills and resolutions within the jurisdiction of such committee which such committee intends to be effective during the fiscal year beginning on October 1 of such year.

The Joint Economic Committee shall also submit to the Committees on the Budget of both Houses, its recommendations as to the

fiscal policy appropriate to the goals of the Employment Act of 1946. Any other committee of the House or Senate may submit to the Committee on the Budget of its House, and any other joint committee of the Congress may submit to the Committees on the Budget of both Houses, its views and estimates with respect to all matters set forth in subsection (a) which relate to matters within its jurisdiction or functions.

(d) **HEARINGS AND REPORT.**—In developing the first concurrent resolution on the budget referred to in subsection (a) for each fiscal year, the Committee on the Budget of each House shall hold hearings and shall receive testimony from Members of Congress and such appropriate representatives of Federal departments and agencies, the general public, and national organizations as the committee deems desirable. Each of the recommendations as to short-term and medium-term goals set forth in the report submitted by the members of the Joint Economic Committee under subsection (c) may be considered by the Committee on the Budget of each House as part of its consideration of such concurrent resolution, and its report may reflect its views thereon, and on how the estimates of revenues and levels of budget authority and outlays set forth in such concurrent resolution are designed to achieve any goals it is recommending. On or before April 15 of each year, the Committee on the Budget of each House shall report to its House the first concurrent resolution on the budget referred to in subsection (a) for the fiscal year beginning on October 1 of such year. The report accompanying such concurrent resolution shall also include, but not be limited to—

(1) a comparison of revenues estimated by the committee with those estimated in the budget submitted by the President;

(2) a comparison of the appropriate levels of total budget outlays and total new budget authority, as set forth in such concurrent resolution, with total budget outlays estimated and total new budget authority requested in the budget submitted by the President;

(3) with respect to each major functional category, an estimate of budget outlays and an appropriate level of new budget authority for all proposed programs and for all existing programs (including renewals thereof), with the estimate and level for existing programs being divided between permanent authority and funds provided in appropriation Acts, and each such division being subdivided between controllable amounts and all other amounts;

(4) an allocation of the level of Federal revenues recommended in the concurrent resolution among the major sources of such revenues;

(5) the economic assumptions and objectives which underlie each of the matters set forth in such concurrent resolution and alternative economic assumptions and objectives which the committee considered;

(6) projections, not limited to the following, for the period of five fiscal years beginning with such fiscal year of the estimated levels of total budget outlays, total new budget outlays, total new budget authority, the estimated revenues to be received, and the estimated surplus or deficit, if any, for each fiscal year

in such period, and the estimated levels of tax expenditures (the tax expenditures budget) by major functional categories;

(7) a statement of any significant changes in the proposed levels of Federal assistance to State and local governments; and

(8) information, data, and comparisons indicating the manner in which, and the basis on which, the committee determined each of the matters set forth in the concurrent resolution, and the relationship of such matters to other budget categories.

(e) **ACHIEVEMENT OF GOALS FOR REDUCING UNEMPLOYMENT.—**

(1) If, pursuant to section 4(c) of the Employment Act of 1946, as amended, the President recommends in the Economic Report that the goals for reducing unemployment set forth in section 4(b) of such Act be achieved in a year after the close of the five-year period prescribed by such subsection, the first concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year in which, in the opinion of the Congress, such goals can be achieved.

(2) After the Congress has expressed its opinion pursuant to paragraph (1) as to the year in which the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946, as amended, can be achieved, if, pursuant to section 4(e) of such Act, the President recommends in the Economic Report that such goals be achieved in a year which is different from the year in which the Congress has expressed its opinion that such goals should be achieved, either in its action pursuant to paragraph (1) or its most recent action pursuant to this paragraph, the first concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year in which, in the opinion of the Congress, such goals can be achieved.

(3) It shall be in order to amend the provision of such resolution setting forth such year only if the amendment thereto also proposes to alter the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolution in germane fashion in order to be consistent with the economic goals (as described in sections 3(a)(2) and 4(b) of the Employment Act of 1946) which such amendment proposes can be achieved by the year specified in such amendment. (2 U.S.C. 632.)

HISTORICAL NOTE

1978 Amendment.—Public Law 95-523 renumbered original paragraph (6) of subsection (a) as paragraph (7), and inserted new paragraph (6) relating to the calendar year in which goals for reducing unemployment under the Employment Act should be achieved. Public Law 95-523 also inserted in subsection (d) ¹ the second sentence, relating to consideration of the Joint Economic Committee report by the Budget Committees, and added subsection (e) on achievement of goals for reducing unemployment.

¹ Section 303(a) of Public Law 95-523 purported to amend subsection (c), but an amendment to subsection (d) was undoubtedly intended. See codification note following 2 U.S.C. 632.

**MATTERS TO BE INCLUDED IN JOINT STATEMENT OF MANAGERS;
REPORTS BY COMMITTEES**

SEC. 302. (a) ALLOCATION OF TOTALS.—The joint explanatory statement accompanying a conference report on a concurrent resolution on the budget shall include an estimated allocation, based upon such concurrent resolution as recommended in such conference report, of the appropriate levels of total budget outlays and total new budget authority among each committee of the House of Representatives and the Senate which has jurisdiction over bills and resolutions providing such new budget authority.

(b) REPORTS BY COMMITTEES.—As soon as practicable after a concurrent resolution on the budget is agreed to—

(1) the Committee on Appropriations of each House shall, after consulting with the Committee on Appropriations of the other House, (A) subdivide among its subcommittees the allocation of budget outlays and new budget authority allocated to it in the joint explanatory statement accompanying the conference report on such concurrent resolution, and (B) further subdivide the amount with respect to each such subcommittee between controllable amounts and all other amounts; and

(2) every other committee of the House and Senate to which an allocation was made in such joint explanatory statement shall, after consulting with the committee or committees of the other House to which all or part of its allocation was made, (A) subdivide such allocation among its subcommittees or among programs over which it has jurisdiction, and (B) further subdivide the amount with respect to each subcommittee or program between controllable amounts and all other amounts.

Each such committee shall promptly report to its House the subdivisions made by it pursuant to this subsection.

(c) SUBSEQUENT CONCURRENT RESOLUTIONS.—In the case of a concurrent resolution on the budget referred to in section 304 or 310, the allocation under subsection (a) and the subdivisions under subsection (b) shall be required only to the extent necessary to take into account revisions made in the most recently agreed to concurrent resolution on the budget. (2 U.S.C. 633.)

**FIRST CONCURRENT RESOLUTION ON THE BUDGET MUST BE ADOPTED
BEFORE LEGISLATION PROVIDING NEW BUDGET AUTHORITY, NEW
SPENDING AUTHORITY, OR CHANGES IN REVENUES OR PUBLIC DEBT
LIMIT IS CONSIDERED**

SEC. 303. (a) IN GENERAL.—It shall not be in order in either the House of Representatives or the Senate to consider any bill or resolution (or amendment thereto) which provides—

(1) new budget authority for a fiscal year;

(2) an increase or decrease in revenues to become effective during a fiscal year;

(3) an increase or decrease in the public debt limit to become effective during a fiscal year; or

(4) new spending authority described in section 401(c)(2)(C) to become effective during a fiscal year;

until the first concurrent resolution on the budget for such year has been agreed to pursuant to section 301.

(b) **EXCEPTIONS.**—Subsection (a) does not apply to any bill or resolution—

(1) providing new budget authority which first becomes available in a fiscal year following the fiscal year to which the concurrent resolution applies; or

(2) increasing or decreasing revenues which first become effective in a fiscal year following the fiscal year to which the concurrent resolution applies.

(c) **WAIVER IN THE SENATE.**—

(1) The committee of the Senate which reports any bill or resolution to which subsection (a) applies may at or after the time it reports such bill or resolution, report a resolution to the Senate (A) providing for the waiver of subsection (a) with respect to such bill or resolution, and (B) stating the reasons why the waiver is necessary. The resolution shall then be referred to the Committee on the Budget of the Senate. That committee shall report the resolution to the Senate within 10 days after the resolution is referred to it (not counting any day on which the Senate is not in session) beginning with the day following the day on which it is so referred, accompanied by that committee's recommendations and reasons for such recommendations with respect to the resolution. If the committee does not report the resolution within such 10-day period, it shall automatically be discharged from further consideration of the resolution and the resolution shall be placed on the calendar.

(2) During the consideration of any such resolution, debate shall be limited to one hour, to be equally divided between, and controlled by, the majority leader and minority leader or their designees, and the time on any debatable motion or appeal shall be limited to twenty minutes, to be equally divided between, and controlled by, the mover and the manager of the resolution. In the event the manager of the resolution is in favor of any such motion or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee. Such leaders, or either of them, may, from the time under their control on the passage of such resolution, allot additional time to any Senator during the consideration of any debatable motion or appeal. No amendment to the resolution is in order.

(3) If, after the Committee on the Budget has reported (or been discharged from further consideration of) the resolution, the Senate agrees to the resolution, then subsection (a) of this section shall not apply with respect to the bill or resolution to which the resolution so agreed to applies. (2 U.S.C. 634.)

PERMISSIBLE REVISIONS OF CONCURRENT RESOLUTIONS ON THE BUDGET

SEC. 304. At any time after the first concurrent resolution on the budget for a fiscal year has been agreed to pursuant to section 301, and before the end of such fiscal year, the two Houses may adopt a concurrent resolution on the budget which revises the concurrent resolution on the budget for such fiscal year most recently agreed to. (2 U.S.C. 635.)

PROVISIONS RELATING TO THE CONSIDERATION OF CONCURRENT
RESOLUTIONS ON THE BUDGET

SEC. 305. (a) PROCEDURE IN HOUSE OF REPRESENTATIVES AFTER
REPORT OF COMMITTEE; DEBATE.—

(1) When the Committee on the Budget of the House has reported any concurrent resolution on the budget, it is in order at any time after the tenth day (excluding Saturdays, Sundays, and legal holidays) following the day on which the report upon such resolution has been available to Members of the House (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the concurrent resolution. The motion is highly privileged and is not debatable. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(2) General debate on any concurrent resolution on the budget in the House of Representatives shall be limited to not more than 10 hours, which shall be divided equally between the majority and minority parties, plus such additional hours of debate as are consumed pursuant to paragraph (3). A motion further to limit debate is not debatable. A motion to recommit the concurrent resolution is not in order, and it is not in order to move to reconsider the vote by which the concurrent resolution is agreed to or disagreed to.

(3) Following the presentation of opening statements on the first concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the House, there shall be a period of up to four hours for debate on economic goals and policies.

(4) Only if a concurrent resolution on the budget reported by the Committee on the Budget of the House sets forth the economic goals (as described in sections 3(a)(2) and 4(b) of the Full Employment Act of 1946) which the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolution are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

(5) Consideration of any concurrent resolution on the budget by the House of Representatives shall be in the Committee of the Whole, and the resolution shall be read for amendment under the five-minute rule in accordance with the applicable provisions of rule XXIII of the Rules of the House of Representatives. After the Committee rises and reports the resolution back to the House, the previous question shall be considered as ordered on the resolution and any amendments thereto to final passage without intervening motion; except that it shall be in order at any time prior to final passage (notwithstanding any other rule or provision of law) to adopt an amendment (or a series of amendments) changing any figure or

figures in the resolution as so reported to the extent necessary to achieve mathematical consistency.

(6) Debate in the House of Representatives on the conference report on any concurrent resolution on the budget shall be limited to not more than 5 hours, which shall be divided equally between the majority and minority parties. A motion further to limit debate is not debatable. A motion to recommit the conference report is not in order, and it is not in order to move to reconsider the vote by which the conference report is agreed to or disagreed to.

(7) Motions to postpone, made with respect to the consideration of any concurrent resolution on the budget, and motions to proceed to the consideration of other business, shall be decided without debate.

(8) Appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any concurrent resolution on the budget shall be decided without debate.

(b) PROCEDURE IN SENATE AFTER REPORT OF COMMITTEE; DEBATE; AMENDMENTS.—

(1) Debate in the Senate on any concurrent resolution on the budget, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 50 hours, except that, with respect to the second required concurrent resolution referred to in section 310(a), all such debate shall be limited to not more than 15 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(2) Debate in the Senate on any amendment to a concurrent resolution on the budget shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, and debate on any amendment to an amendment, debatable motion, or appeal shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, except that in the event the manager of the concurrent resolution is in favor of any such amendment, motion, or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of such concurrent resolution shall be received. Such leaders, or either of them, may, from the time under their control on the passage of the concurrent resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) Following the presentation of opening statements on the first concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the Senate, there shall be a period of up to four hours for debate on economic goals and policies.

(4) Only if a concurrent resolution on the budget reported by the Committee on the Budget of the Senate sets forth the economic goals (as described in sections 3(a)(2) and 4(b) of the Employment Act of 1946), which the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolu-

tion are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

(5) A motion to further limit debate is not debatable. A motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution.

(6) Notwithstanding any other rule, an amendment, or series of amendments, to a concurrent resolution on the budget proposed in the Senate shall always be in order if such amendment or series of amendments proposes to change any figure or figures then contained in such concurrent resolution so as to make such concurrent resolution mathematically consistent or so as to maintain such consistency.

(c) ACTION ON CONFERENCE REPORTS IN THE SENATE.—

(1) The conference report on any concurrent resolution on the budget shall be in order in the Senate at any time after the third day (excluding Saturdays, Sundays, and legal holidays) following the day on which such a conference report is reported and is available to Members of the Senate. A motion to proceed to the consideration of the conference report may be made even though a previous motion to the same effect has been disagreed to.

(2) During the consideration in the Senate of the conference report on any concurrent resolution on the budget, debate shall be limited to 10 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report shall be limited to 1 hour, to be equally divided between, and controlled, by the mover and the manager of the conference report.

(3) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to 1 hour, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to one-half hour, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between and controlled by the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any option, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(4) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received.

(d) **REQUIRED ACTION BY CONFERENCE COMMITTEE.**—If, at the end of 7 days (excluding Saturdays, Sundays, and legal holidays) after the conferees of both Houses have been appointed to a committee of conference on a concurrent resolution on the budget, the conferees are unable to reach agreement with respect to all matters in disagreement between the two Houses, then the conferees shall submit to their respective Houses, on the first day thereafter on which their House is in session—

(1) a conference report recommending those matters on which they have agreed and reporting in disagreement those matters on which they have not agreed; or

(2) a conference report in disagreement, if the matter in disagreement is an amendment which strikes out the entire text of the concurrent resolution and inserts a substitute text.

(e) **CONCURRENT RESOLUTION MUST BE CONSISTENT IN THE SENATE.**—It shall not be in order in the Senate to vote on the question of agreeing to—

(1) a concurrent resolution on the budget unless the figures then contained in such resolution are mathematically consistent; or

(2) a conference report on a concurrent resolution on the budget unless the figures contained in such resolution, as recommended in such conference report, are mathematically consistent. (2 U.S.C. 636.)

HISTORICAL NOTE

1978 Amendment.—Public Law 95-523 renumbered the paragraphs following paragraph (2) in subsections (a) and (b), and inserted new paragraphs (3) and (4) in both subsections, providing for debate in the House and Senate on economic goals and policies as part of the consideration of the concurrent resolution on the budget.

LEGISLATION DEALING WITH CONGRESSIONAL BUDGET MUST BE HANDLED BY BUDGET COMMITTEES

SEC. 306. No bill or resolution, and no amendment to any bill or resolution, dealing with any matter which is within the jurisdiction of the Committee on the Budget of either House shall be considered in that House unless it is a bill or resolution which has been reported by the Committee on the Budget of that House (or from the consideration of which such committee has been discharged) or unless it is an amendment to such a bill or resolution. (2 U.S.C. 637.)

HOUSE COMMITTEE ACTION ON ALL APPROPRIATION BILLS TO BE COMPLETED BEFORE FIRST APPROPRIATION BILL IS REPORTED

SEC. 307. Prior to reporting the first regular appropriation bill for each fiscal year, the Committee on Appropriations of the House of Representatives shall, to the extent practicable, complete sub-

committee markup and full committee action on all regular appropriation bills for that year and submit to the House a summary report comparing the committee's recommendations with the appropriate levels of budget outlays and new budget authority as set forth in the most recently agreed to concurrent resolution on the budget for that year. (2 U.S.C. 638.)

REPORTS, SUMMARIES, AND PROJECTIONS OF CONGRESSIONAL BUDGET ACTIONS

SEC. 308. (a) REPORTS ON LEGISLATION PROVIDING NEW BUDGET AUTHORITY OR TAX EXPENDITURES.—Whenever a committee of either House reports a bill or resolution to its House providing new budget authority (other than continuing appropriations) or new or increased tax expenditures for a fiscal year, the report accompanying that bill or resolution shall contain a statement, prepared after consultation with the Director of the Congressional Budget Office, detailing—

(1) in the case of a bill or resolution providing new budget authority—

(A) how the new budget authority provided in that bill or resolution compares with the new budget authority set forth in the most recently agreed to concurrent resolution on the budget for such fiscal year and the reports submitted under section 302;

(B) a projection for the period of 5 fiscal years beginning with such fiscal year budget outlays, associated with the budget authority provided in that bill or resolution, in each fiscal year in such period; and

(C) the new budget authority, and budget outlays resulting therefrom, provided by that bill or resolution for financial assistance to State and local governments; and

(2) in the case of a bill or resolution providing new or increased tax expenditures—

(A) how the new or increased tax expenditures provided in that bill or resolution will affect the levels of tax expenditures under existing law as set forth in the report accompanying the first concurrent resolution on the budget for such fiscal year, or, if a report accompanying a subsequently agreed to concurrent resolution for such year sets forth such levels, then as set forth in that report; and

(B) a projection for the period of 5 fiscal years beginning with such fiscal year of the tax expenditures which will result from that bill or resolution in each fiscal year in such period.

No projection shall be required for a fiscal year under paragraph (1)(B) or (2)(B) if the committee determines that a projection for that fiscal year is impracticable and states in its report the reason for such impracticability.

(b) **UP-TO-DATE TABULATION OF CONGRESSIONAL BUDGET ACTIONS.**—The Director of the Congressional Budget Office shall issue periodic reports detailing and tabulating the progress of congressional action on bills and resolutions providing new budget author-

ity and changing revenues and the public debt limit for a fiscal year. Such reports shall include, but are not limited to—

(1) an up-to-date tabulation comparing the new budget authority for such fiscal year in bills and resolutions on which Congress has completed action and estimated outlays, associated with such new budget authority, during such fiscal year to the new budget authority and estimated outlays set forth in the most recently agreed to concurrent resolution on the budget for such fiscal year and the reports submitted under section 302;

(2) an up-to-date status report on all bills and resolutions providing new budget authority and changing revenues and the public debt limit for such fiscal year in both Houses;

(3) an up-to-date comparison of the appropriate level of revenues contained in the most recently agreed to concurrent resolution on the budget for such fiscal year with the latest estimate of revenues for such year (including new revenues anticipated during such year under bills and resolutions on which the Congress has completed action); and

(4) an up-to-date comparison of the appropriate level of the public debt contained in the most recently agreed to concurrent resolution on the budget for such fiscal year with the latest estimate of the public debt during such fiscal year.

(c) **FIVE-YEAR PROJECTION OF CONGRESSIONAL BUDGET ACTION.**—As soon as practicable after the beginning of each fiscal year, the Director of the Congressional Budget Office shall issue a report projecting for the period of 5 fiscal years beginning with such fiscal year—

(1) total new budget authority and total budget outlays for each fiscal year in such period;

(2) revenues to be received and the major sources thereof, and the surplus or deficit, if any, for each fiscal year in such period; and

**COMPLETION OF ACTION ON BILLS PROVIDING NEW BUDGET AUTHORITY
AND CERTAIN NEW SPENDING AUTHORITY**

SEC. 309. Except as otherwise provided pursuant to this title, not later than the seventh day after Labor Day of each year, the Congress shall complete action on all bills and resolutions—

(2) providing new spending authority described in section 401 (c)(2)(C) which is to become effective during such fiscal year.

Paragraph (1) shall not apply to any bill or resolution if legislation authorizing the enactment of new budget authority to be provided in such bill or resolution has not been timely enacted. (2 U.S.C. 640.)

**SECOND REQUIRED CONCURRENT RESOLUTION AND RECONCILIATION
PROCESS**

SEC. 310. (a) REPORTING OF CONCURRENT RESOLUTION.—The Committee on the Budget of each House shall report to its House a concurrent resolution on the budget which reaffirms or revises the concurrent resolution on the budget most recently agreed to with respect to the fiscal year beginning on October 1 of such year. Any such concurrent resolution on the budget shall also, to the extent necessary—

(A) new budget authority for such fiscal year;

(B) budget authority initially provided for prior fiscal years; and

(C) new spending authority described in section 401(c)(2)(C) which is to become effective during such fiscal year, contained in laws, bills, and resolutions within the jurisdiction of a committee, is to be changed and direct that committee to determine and recommend changes to accomplish a change of such total amount;

(2) specify the total amount by which revenues are to be changed and direct that the committees having jurisdiction to determine and recommend changes in the revenue laws, bills, and resolutions to accomplish a change of such total amount;

(3) specify the amount by which the statutory limit on the public debt is to be changed and direct the committees having jurisdiction to recommend such change; or

(4) specify and direct any combination of the matters described in paragraphs (1), (2), and (3).

Any such concurrent resolution may be reported, and the report accompanying it may be filed, in either House notwithstanding that that House is not in session on the day on which such concurrent resolution is reported.

(b) COMPLETION OF ACTION ON CONCURRENT RESOLUTION.—Not later than September 15 of each year, the Congress shall complete action on the concurrent resolution on the budget referred to in subsection (a).

(c) RECONCILIATION PROCESS.—If a concurrent resolution is agreed to in accordance with subsection (a) containing directions to one or more committees to determine and recommend changes in laws, bills, or resolutions, and—

(1) only one committee of the House or the Senate is directed to determine and recommend changes, that committee shall promptly make such determination and recommendations and report to its House a reconciliation bill or reconciliation resolution, or both, containing such recommendations; or

(2) more than one committee of the House or the Senate is directed to determine and recommend changes, each such committee so directed shall promptly make such determinations and recommendations, whether such changes are to be contained in a reconciliation bill or reconciliation resolution, and submit such recommendations to the Committee on the Budget of its House, which upon receiving all such recommendations, shall report to its House a reconciliation bill or reconciliation resolu-

tion, or both, carrying out all such recommendations without any substantive revision.

For purposes of this subsection, a reconciliation resolution is a concurrent resolution directing the Clerk of the House of Representatives or the Secretary of the Senate, as the case may be, to make specified changes in bills and resolutions which have not been enrolled.

(d) **COMPLETION OR RECONCILIATION PROCESS.**—Congress shall complete action on any reconciliation bill or reconciliation resolution reported under subsection (c) not later than September 25 of each year.

(e) **PROCEDURE IN THE SENATE.**—

(1) Except as provided in paragraph (2), the provisions of section 305 for the consideration in the Senate of concurrent resolutions on the budget and conference reports thereon shall also apply to the consideration in the Senate of reconciliation bills and reconciliation resolutions reported under subsection (c) and conference reports thereon.

(2) Debate in the Senate on any reconciliation bill or resolution reported under subsection (c), and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 20 hours.

(f) **CONGRESS MAY NOT ADJOURN UNTIL ACTION IS COMPLETED.**—It shall not be in order in either the House of Representatives or the Senate to consider any resolution providing for the adjournment sine die of either House unless action has been completed on the concurrent resolution on the budget required to be reported under subsection (a) for the fiscal year beginning on October 1 of such year, and, if a reconciliation bill or resolution, or both, is required to be reported under subsection (c) for such fiscal year, unless the Congress has completed action on that bill or resolution, or both. (2 U.S.C. 641.)

**NEW BUDGET AUTHORITY, NEW SPENDING AUTHORITY AND REVENUE
LEGISLATION MUST BE WITHIN APPROPRIATE LEVELS**

SEC. 311. (a) LEGISLATION SUBJECT TO POINT OF ORDER.—After the Congress has completed action on the concurrent resolution on the budget required to be reported under section 310(a) for a fiscal year, and, if a reconciliation bill or resolution, or both, for such fiscal year are required to be reported under section 310(c), after that bill has been enacted into law or that resolution has been agreed to, it shall not be in order in either the House of Representatives or the Senate to consider any bill, resolution, or amendment providing additional new budget authority for such fiscal year, providing new spending authority described in section 401(c)(2)(C) to become effective during such fiscal year, or reducing revenues for such fiscal year, or any conference report on any such bill or resolution, if—

- (1) the enactment of such bill or resolution as reported;
- (2) the adoption and enactment of such amendment; or
- (3) the enactment of such bill or resolution in the form recommended in such conference report;

would cause the appropriate level of total new budget authority or total budget outlays set forth in the most recently agreed to concurrent resolution on the budget for such fiscal year to be exceeded, or would cause revenues to be less than the appropriate level of revenues set forth in such concurrent resolution.

The motion is highly privileged and is not debatable. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(2) General debate on any concurrent resolution on the budget in the House of Representatives shall be limited to not more than 10 hours, which shall be divided equally between the majority and minority parties. A motion further to limit debate is not debatable. A motion to recommit the concurrent resolution is not in order, and it is not in order to move to reconsider the vote by which the concurrent resolution is agreed to or disagreed to.

(3) Consideration of any concurrent resolution on the budget by the House of Representatives shall be in the Committee of the Whole, and the resolution shall be read for amendment under the five-minute rule in accordance with the applicable provisions of rule XXIII of the Rules of the House of Representatives. After the Committee rises and reports the resolution back to the House, the previous question shall be considered as ordered on the resolution and any amendments thereto to final passage without intervening motion; except that it shall be in order at any time prior to final passage (notwithstanding any other rule or provision of law) to adopt an amendment (or a series of amendments) changing any figure or figures in the resolution as so reported to the extent necessary to achieve mathematical consistency.

Debate, time
limitation.

(4) Debate in the House of Representatives on the conference report on any concurrent resolution on the budget shall be limited to not more than 5 hours, which shall be divided equally between the majority and minority parties. A motion further to limit debate is not debatable. A motion to recommit the conference report is not in order, and it is not in order to move to reconsider the vote by which the conference report is agreed to or disagreed to.

Debate, time
limitation.

(5) Motions to postpone, made with respect to the consideration of any concurrent resolution on the budget, and motions to proceed to the consideration of other business, shall be decided without debate.

(6) Appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any concurrent resolution on the budget shall be decided without debate.

(1) Debate in the Senate on any concurrent resolution on the budget, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 50 hours, except that, with respect to the second required concurrent resolution referred to in section 310(a), all such debate shall be limited to not more than 15 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

Debate, time
limitation.

(2) Debate in the Senate on any amendment to a concurrent resolution on the budget shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, and debate on any amendment to an amendment, debatable motion, or appeal shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, except that in the event the manager of the concurrent resolution is in favor of any such amendment, motion, or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of such concurrent resolution shall be received. Such leaders, or either of them, may, from the time under their control on the passage of the concurrent resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) A motion to further limit debate is not debatable. A motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution.

(4) Notwithstanding any other rule, an amendment, or series of amendments, to a concurrent resolution on the budget proposed in the Senate shall always be in order if such amendment or series of amendments proposes to change any figure or figures then contained in such concurrent resolution so as to make such concurrent resolution mathematically consistent or so as to maintain such consistency.

(c) ACTION ON CONFERENCE REPORTS IN THE SENATE.—

(1) The conference report on any concurrent resolution on the budget shall be in order in the Senate at any time after the third day (excluding Saturdays, Sundays, and legal holidays) following the day on which such a conference report is reported and is available to Members of the Senate. A motion to proceed to the consideration of the conference report may be made even though a previous motion to the same effect has been disagreed to.

Debate, time
limitation.

(2) During the consideration in the Senate of the conference report on any concurrent resolution on the budget, debate shall be limited to 10 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the conference report.

(3) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to 1 hour, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to one-half hour, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between and controlled by the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any motion, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(4) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received.

Conference report, submittal to Congress.

(d) REQUIRED ACTION BY CONFERENCE COMMITTEE.—If, at the end of 7 days (excluding Saturdays, Sundays, and legal holidays) after the conferees of both Houses have been appointed to a committee of conference on a concurrent resolution on the budget, the conferees are unable to reach agreement with respect to all matters in disagreement between the two Houses, then the conferees shall submit to their respective Houses, on the first day thereafter on which their House is in session—

(1) a conference report recommending those matters on which they have agreed and reporting in disagreement those matters on which they have not agreed; or

(2) a conference report in disagreement, if the matter in disagreement is an amendment which strikes out the entire text of the concurrent resolution and inserts a substitute text.

(e) CONCURRENT RESOLUTION MUST BE CONSISTENT IN THE SENATE.—It shall not be in order in the Senate to vote on the question of agreeing to—

(1) a concurrent resolution on the budget unless the figures then contained in such resolution are mathematically consistent; or

(2) a conference report on a concurrent resolution on the budget unless the figures contained in such resolution, as recommended in such conference report, are mathematically consistent.

(2) If any committee of the House of Representatives or the Senate reports any bill or resolution which provides new spending authority described in subsection (c) (2) (C) which is to become effective during a fiscal year and the amount of new budget authority which will be required for such fiscal year if such bill or resolution is enacted as so reported exceeds the appropriate allocation of new budget authority reported under section 302(b) in connection with the most recently agreed to concurrent resolution on the budget for such fiscal year, such bill or resolution shall then be referred to the Committee on Appropriations of that House with instructions to report it, with the committee's recommendations, within 15 calendar days (not counting any day on which that House is not in session) beginning with the day following the day on which it is so referred. If the Committee on Appropriations of either House fails to report a bill or resolution referred to it under this paragraph within such 15-day period, the committee shall automatically be discharged from further consideration of such bill or resolution and such bill or resolution shall be placed on the appropriate calendar.

Such term does not include authority to insure or guarantee the repayment of indebtedness incurred by another person or government.

(d) EXCEPTIONS.—

(1) Subsections (a) and (b) shall not apply to new spending authority if the budget authority for outlays which will result from such new spending authority is derived—

42 USC 1305.

(A) from a trust fund established by the Social Security Act (as in effect on the date of the enactment of this Act); or

26 USC 1 et seq.

(B) from any other trust fund, 90 percent or more of the receipts of which consist or will consist of amounts (transferred from the general fund of the Treasury) equivalent to amounts of taxes (related to the purposes for which such outlays are or will be made) received in the Treasury under specified provisions of the Internal Revenue Code of 1954.

31 USC 1221 note.

(2) Subsections (a) and (b) shall not apply to new spending authority which is an amendment to or extension of the State and Local Fiscal Assistance Act of 1972, or a continuation of the program of fiscal assistance to State and local governments provided by that Act, to the extent so provided in the bill or resolution providing such authority.

REPORTING OF AUTHORIZING LEGISLATION

31 USC 1352.

SEC. 402. (a) REQUIRED REPORTING DATE.—Except as otherwise provided in this section, it shall not be in order in either the House of Representatives or the Senate to consider any bill or resolution which, directly or indirectly, authorizes the enactment of new budget authority for a fiscal year, unless that bill or resolution is reported in the House or the Senate, as the case may be, on or before May 15 preceding the beginning of such fiscal year.

(b) EMERGENCY WAIVER IN THE HOUSE.—If the Committee on Rules of the House of Representatives determines that emergency conditions require a waiver of subsection (a) with respect to any bill or resolution, such committee may report, and the House may consider and adopt, a resolution waiving the application of subsection (a) in the case of such bill or resolution.

(c) WAIVER IN THE SENATE.—

(b) DISCHARGE OF COMMITTEE.—

(1) If the committee to which a rescission bill or impoundment resolution has been referred has not reported it at the end of 25 calendar days of continuous session of the Congress after its introduction, it is in order to move either to discharge the committee from further consideration of the bill or resolution or to discharge the committee from further consideration of any other rescission bill with respect to the same special message or impoundment resolution with respect to the same proposed deferral, as the case may be, which has been referred to the committee.

(2) A motion to discharge may be made only by an individual favoring the bill or resolution, may be made only if supported by one-fifth of the Members of the House involved (a quorum being present), and is highly privileged in the House and privileged in the Senate (except that it may not be made after the committee has reported a bill or resolution with respect to the same special message or the same proposed deferral, as the case may be); and debate thereon shall be limited to not more than 1 hour, the time to be divided in the House equally between those favoring and those opposing the bill or resolution, and to be divided in the Senate equally between, and controlled by, the majority leader and the minority leader or their designees. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(c) FLOOR CONSIDERATION IN THE HOUSE.—

(1) When the committee of the House of Representatives has reported, or has been discharged from further consideration of, a rescission bill or impoundment resolution, it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the bill or resolution. The motion shall be highly privileged and not debatable. An amendment to the motion shall not be in order, nor shall it be in order to move to reconsider the vote by which the motion is agreed to or disagreed to.

(2) Debate on a rescission bill or impoundment resolution shall be limited to not more than 2 hours, which shall be divided equally between those favoring and those opposing the bill or resolution. A motion further to limit debate shall not be debatable. In the case of an impoundment resolution, no amendment to, or motion to recommit, the resolution shall be in order. (4) All appeals from the decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any rescission bill or impoundment resolution shall be decided without debate.

(5) Except to the extent specifically provided in the preceding provisions of this subsection, consideration of any rescission bill or impoundment resolution and amendments thereto (or any conference report thereon) shall be governed by the Rules of the House of Representatives applicable to other bills and resolutions, amendments, and conference reports in similar circumstances.

limitation.

(d) FLOOR CONSIDERATION IN THE SENATE.—

(1) Debate in the Senate on any rescission bill or impoundment resolution, and all amendments thereto (in the case of a rescission bill) and debatable motions and appeals in connection therewith, shall be limited to not more than 10 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

(2) Debate in the Senate on any amendment to a rescission bill shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the bill. Debate on any amendment to an amendment, to such a bill, and debate on any debatable motion or appeal in connection with such a bill or an impoundment resolution shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the bill or resolution, except that in the event the manager of the bill or resolution is in favor of any such amendment, motion, or appeal, the time in opposition thereto, shall be controlled by the minority leader or his designee. No amendment that is not germane to the provisions of a rescission bill shall be received. Such leaders, or either of them, may, from the time under their control on the passage of a rescission bill or impoundment resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(3) A motion to further limit debate is not debatable. In the case of a rescission bill, a motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to one hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution. In the case of an impoundment resolution, no amendment or motion to recommit is in order.

Conference re-
ports.

(4) The conference report on any rescission bill shall be in order in the Senate at any time after the third day (excluding Saturdays, Sundays, and legal holidays) following the day on which such a conference report is reported and is available to Members of the Senate. A motion to proceed to the consideration of the conference report may be made even though a previous motion to the same effect has been disagreed to.

(5) During the consideration in the Senate of the conference report on any rescission bill, debate shall be limited to 2 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report.

Debate, time
limitation.

(6) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to one hour, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee, and should any motion be made to instruct the conferees before the conferees are named, debate on such motion shall be limited to 30 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report. Debate on any amendment to any such instructions shall be limited to 20 minutes, to be equally divided between, and controlled by, the mover and the manager of the conference report. In all cases when the manager of the conference report is in favor of any motion, appeal, or amendment, the time in opposition shall be under the control of the minority leader or his designee.

(7) In any case in which there are amendments in disagreement, time on each amendment shall be limited to 30 minutes, to be equally divided between, and controlled by, the manager of the conference report and the minority leader or his designee. No amendment that is not germane to the provisions of such amendments shall be received.

RULE 3. Ten members of the committee shall constitute a quorum. A majority of the members of a subcommittee shall constitute a quorum of such subcommittee.

RULE 4. Written or telegraphic proxies of committee members will be received and recorded on any vote taken by the committee, except at the organization meeting at the beginning of each Congress, or for the purpose of creating a quorum.

RULE 5. The chairman may name standing or special subcommittees. Any member of the committee shall have the privilege of sitting with any subcommittee during its hearings or deliberations, and may participate in such hearings or deliberations, but no such member who is not a member of the subcommittee shall vote on any matter before such subcommittee.

RULE 6. The chairmanship and vice chairmanship of the committee shall alternate between the House and the Senate by Congresses. The senior member of the minority party in the House of Congress opposite to that of the chairman shall be the ranking minority member of the committee. In the event the House and Senate are under different party control, the chairman and vice chairman shall represent the majority party in their respective Houses.

RULE 7. Questions as to the order of business and the procedure of the committee shall in the first instance be decided by the chairman, subject always to an appeal to the committee.

RULE 8. Brief insertions of additional germane material will be received for the record, subject to the approval of the chairman.

RULE 10. An accurate stenographic record shall be kept of all testimony and each witness provided with a copy thereof. Witnesses may make changes in testimony for the purpose of correcting grammatical errors, obvious errors of fact, and errors of transcription. Brief supplemental materials when required to clarify the transcript may be inserted in the record subject to the approval of the chairman. Witnesses shall be allowed 3 days within which to correct and return the transcript of their testimony. If not so returned, the clerk may close the record whenever necessary.

RULE 11. Each member of the committee shall be provided with a copy of the hearings transcript for the purpose of correcting errors of transcription and grammar, and clarifying questions or remarks. If another person is authorized by a committee member to make his corrections, the clerk shall be so notified.

Members who have received unanimous consent to submit written questions to witnesses shall be allowed 2 days within which to submit these to the executive director for transmission to the witnesses. The record may be held open for a period not to exceed 1 week awaiting responses by witnesses.

RULE 12. Testimony received in executive hearings shall not be released or included in any report without the approval of a majority of the committee.

RULE 13. The chairman shall provide adequate time for questioning of witnesses by all members, and the rule of germaneness shall be enforced in all hearings.

RULE 14. None of the hearings of the committee shall be telecast or broadcast, whether directly or through such devices as recordings, tapes, motion pictures, or other mechanical means, if in conflict with a rule or practice of the House on the side of the Capitol where hearings are being held. If no general rule or practice prevails in regard to such telecasts or broadcasts, none of the hearings of the committee shall be telecast or broadcast unless approved by a majority of the members of the committee.

Telecasts or broadcasts of any such portion of hearings of the committee as may include testimony of a witness, shall not be authorized if such witness objects to such telecast or broadcast: *Provided*, That such witness shall be afforded the opportunity to make such objection, if any, to the committee at a time when the proceedings are not being telecast or broadcast.

RULE 15. No committee report shall be made public or transmitted to the Congress without the approval of a majority of the committee except that when the Congress has adjourned, subcommittees may by majority vote and with the express permission of the full committee submit reports to the full committee and simultaneously release same to the public: *Provided*, That any member of the committee may make a report supplementary to or dissenting from the majority report. Such supplementary or dissenting reports

should be as brief as possible. Factual reports by the committee staff may be printed for the distribution to committee members and the public only upon authorization of the chairman of the full committee either with the approval of a majority of the committee or with the consent of the ranking minority member.

RULE 16. No summary of a committee report, prediction of the contents of a report, or statement of conclusions concerning any investigation shall be made by a member of the committee or of the committee staff prior to the issuance of a report of the committee.

RULE 17. There shall be kept a complete record of all committee proceedings and action. The clerk of the committee, or a designated member of the committee staff, shall act as recording secretary of all proceedings before the committee and shall prepare and circulate to all members of the committee the minutes of such proceedings. Minutes circulated will be considered approved unless objection is registered prior to the next committee meeting. The records of the committee shall be open to all members of the committee.

RULE 18. The committee shall have a professional and clerical staff under the supervision of an executive director. The committee shall appoint and remove the executive director with the approval of not less than ten members of the committee. Staff operating procedures shall be determined by the executive director, with the approval of the chairman of the committee, and after notification to the ranking minority member with respect to basic revisions. The executive director, under the general supervision of the chairman, is authorized to deal directly with agencies of the Government and with non-Government groups and individuals on behalf of the committee.

The professional members of the committee staff shall be appointed and removed on the recommendation of the executive director with approval by majority vote of the committee. The professional staff members, including the executive director, shall be persons selected without regard to political affiliations who, as a result of training, experience, and attainments, are exceptionally qualified to analyze and interpret economic developments and programs. The clerical and temporary staff shall be appointed and removed by the executive director with the approval of the chairman, and after notification to the ranking minority member. The committee staff shall serve all members of the committee in an objective, non-partisan manner. From time to time, upon request, the executive director shall designate individual members of the staff to assist subcommittees, individual committee members, and the minority members. The staff, to the extent possible, shall be organized along functional lines to permit specialization.

RULE 19. Attendance at executive sessions shall be limited to members of the committee and of the committee staff. Other persons whose presence is requested or consented to by the committee may be admitted to such sessions.

RULE 20. Selection of witnesses for committee hearings shall be made by the committee staff under the direction of the chairman. A list of proposed witnesses shall be submitted to the members of the committee for review sufficiently in advance of the hearings to permit suggestions by the committee members to receive appropriate consideration.

RULE 21. The chairman of the committee shall have the overall responsibility for preparing and carrying out the committee's program, including staff studies, subject to prior approval of each item on the program by a majority of the committee or, alternatively, by the ranking minority member. Prior to and during the transition from one Congress to another, the outgoing committee shall prepare and have ready a plan for the consideration of the President's Economic Report and the preparation of the committee's report thereon in order to meet the March 1 deadline established by Public Law 304 (79th Cong.), as amended. (See historical note at top of p. 14.)

RULE 22. Proposals for amending committee rules shall be sent to all members at least 1 week before final action is taken thereon, unless the amendment is made by unanimous consent. Approval by at least 11 members of the committee shall be required to amend these rules.

RULE 23. The information contained in any books, papers, or documents furnished to the committee by any individual, partnership corporation, or other legal entity shall, upon the request of the individual, partnership, corporation, or entity furnishing the same, be maintained in strict confidence by the members and staff of the committee, except that any such information may be released outside of executive session of the committee if the release thereof is effected in a manner which will not reveal the identity of such individual, partnership, corporation, or entity: *Provided*, That the committee by majority vote may authorize the disclosure of the identity of any such individual, partnership, corporation, or entity in connection with any pending hearing or as a part of a duly authorized report of the committee if such release is deemed essential to the performance of the functions of the committee and is in the public interest.
